College timing	8.30 AM to 6.00 PM
Subscription of journals	Online facility available
Magazines	Various Magazines related to agriculture and allied field have been subscribed in library
News papers	Gujarati and English newspapers are available in the library

About the College:

Porbandar District, located along the scenic Arabian Sea in the southwestern part of Gujarat, is globally renowned as the birthplace of Mahatma Gandhi, the Father of the Nation, who introduced the world to the principles of non-violence. The city is also known in India as "Sudamapuri." India, being an agrarian country, places high importance on agricultural technology to enhance crop production and productivity, which in turn boosts farmers' incomes. To support this objective, institutions that train skilled researchers, educators, and extension workers are vital. In line with this vision, the ASPEE College of Agriculture, Khapat (Porbandar) was established in the academic year 2016-17 as a constituent college of Junagadh Agricultural University. The college began with an intake of 30 students and has since expanded its capacity to 64 students, playing a key role in advancing agricultural education and development in the region.

Mission / Goal:

The primary goal of the ASPEE College of Agriculture, Khapat (Porbandar) is to emerge as a centre of excellence in agricultural education, committed to delivering high-quality teaching, innovative research, and impactful extension services. The college strives to equip students with the knowledge, skills, and values needed to address the challenges of modern agriculture and to serve the farming community across the nation.

Objectives:

The ASPEE College of Agriculture, Khapat (Porbandar) is guided by the following key objectives to fulfill its mission of advancing agricultural education, research, and outreach:

- To offer quality education at undergraduate level in agricultural science.
- To align academic programs with ICAR guidelines for curriculum, credits, and evaluation systems.
- To upgrade laboratories and libraries with modern resources for enhanced practical learning.
- To equip students with skills, knowledge and values for employability and career growth in the agricultural sector.

Co-curricular activities

Sports & Physical Education:

Sports and Physical Education form an integral part of the B.Sc. (Hons.) Agriculture curriculum at ASPEE College of Agriculture.

- The college offers two non-credit courses in Physical Education, conducted in the first and second year of the degree program.
- Students are actively encouraged to participate in sports for overall physical and mental well-being.

Competitive Sports Opportunities

- Inter-College and Inter-University tournaments are organized annually across various sports disciplines.
- Selected students proudly represent the University at National-Level Tournaments, showcasing their athletic talent and sportsmanship.

Sports Activity

National Service Scheme (NSS)

- The National Service Scheme (NSS) at ASPEE College of Agriculture plays a vital role in fostering social responsibility, empathy, and community engagement among students.

Through participation in NSS, students learn to:

- Appreciate diverse perspectives
- Show compassion toward others and the environment

Regular NSS Activities Include:

- Tree Plantation Drives
- Cleanliness Campaigns
- Social Awareness Programs
- Blood Donation Camps
- Health and Hygiene Campaigns

NSS Activity

Cultural Activity:

As cultural activities bring out the creative side of students, the college organizes cultural events every year. Students actively participate in various activities such as mono acting, drama, group dance, fancy dress, and more at inter-college as well as inter-university level competitions.

Cultural Activity
