Agriculture scenario of India shows healthy signs of transformation mainly in integrating with the global market. An attempt has been made to articulate key challenges and highlight opportunities before Indian agriculture. This can be possible through the professionalism of agriculture which require proper management of all the activities right from sowing seed to getting actual reward at market place but agribusiness sector in India today lacks the trained and skilled managerial professionals to manage the current challenges and take it to greater heights. Agri-business management education therefore is of intense focused area.

With an aim to prepare qualified and well trained professionals to cater to various needs of the agribusiness sector, PG Institute of Agribusiness Management commenced in the year 2008, provides fundamental and analytical knowledge and inculcate the necessary skills to prepare better quality managers to serve the sector to harness its full potential.

I feel happy to present the Annual report of the Post Graduate Institute of Agribusiness Management for the year 2020-21. This report is inclusive of all important information highlighting the significant academic, research and extension achievements made in the field of Agri-business. I appreciate the efforts of Principal & Dean and all the staff members of the institute.

I am delighted to provide you with this report, which highlights a small sample of the wide ranging and infinitely exciting activities of Post Graduate Institute of Agribusiness Management (PGIABM) shoeing academic, research, extension and extra-curricular activities performed by the staff and students in spite of the pandemic of COVID -19. At this moment, I am happy to say that Post Graduate Institute of Agribusiness Management (PGIABM) has accomplished fourteen years of academic excellence since its inception in 2008-09. At this moment, I feel nostalgic being a witness to fruitful events leading to its start from the scratch and getting it transformed into a leading institution of the state. It has emerged as an internationally reckoned fully-integrated management institute of higher learning. Unstinted guidance, support and cooperation from the faculties, staff members, Alumni and The Agriculture, Farmers Welfare and Co-operation Department, Government of Gujarat and Indian Council of Agricultural Research, Government of India have made this possible.

I humbly acknowledge the unconditional support and encouragement received from Dr. P. V. Chovatia, Hon'ble Vice-Chancellor, Junagadh Agriculture University, Junagadh and University officer for making all this achievements and progress made by the Institute. You will see in this annual report as an evidence of excellence in teaching, research, community partnership and mentoring the foster connections within our university and across the globe.

1. PREAMBLE OF THE INSTITUTE

1.1 Introduction

India is an agrarian economy and agriculture is considered as the mainstay of our economy. In the era of globalization major structural reforms are taking place in the agriculture sector. Still the Indian agriculture faces several challenges like, stagnation in productivity, huge post-harvest losses and marginal share in world trade due to WTO's stringent sanitary and phyto-sanatory standards. As a result of globalization, Agri-Business is transforming structurally in to a complex and well-disciplined business. Agri-Business is the latest growing sub-sector of India having business the highest potential.

In this competitive and rapidly changing world, every resource, enterprise, organization and every project must be managed professionally in order to sustain and prosper. These challenges will place unparallel demands for increase in capabilities of tomorrow's Agri-Business managers.

In view of these reforms, Agri-Business education becomes a premier need of State Agricultural Universities of India. Recognizing the importance of professional human resources in Agri-Business sector, the Junagadh Agricultural University has started PGIABM in 2008 by the resolution of Government of Gujarat, Department of Agriculture and Cooperation (Vernacular) No.JKV-122008-362k-2, dated 10/06/2008 and Notification of Junagadh Agricultural University, (vernacular) No.JAU/Regi/ACA-1/ Board of Man.-12/20618-697/2008, dated 30/07/2008.

Initially the functioning of PGIABM started under the esteem guidance of I/C Principal Dr. P. G. Butani (Principal, College of Agriculture, J.A.U., Junagadh) and Nodal officer Dr. K. A. Khunt (Professor, Department of Agricultural Economics) in collaboration with the Department of Agricultural Economics. The first-semester was commenced and completed at the Department of Agricultural Economics. In the year 2009 the PGIABM was shifted to the building of Agricultural Technology and Information Centre. In this year, most of the vacant teaching posts were filled up and PGIABM started in full flagged manner. Finally, the institute was shifted to its new building as on 01/10/2012.

Initially, the students of the institute were resided in the hostels of College of Agriculture. Institute's newly constructed hostel "Chanakya" was inaugurated as on 01/12/2013 by Shri Babubhai Bokhiria, the Hon. Minister of Agriculture and Cooperation, Govt. of Gujarat which has accommodation as well as all requisite facilities for 84 students. The institute and hostel buildings are surrounded by a beautiful garden and landscaping due to the effort of staff, students and our dedicated laborers.

1.2 Mission and Objectives

The ABM program at this institute is planned to develop management workforce to cater agricultural industry which serves as a good option for career development in corporate sector. PGIABM has very good combination of theoretical and practical education system. The institute thus visualizes that; management will have to talk with agriculture more intimately and hence this stride in blending agriculture with management education. This will create a new breed of managers who are well equipped with knowledge to face stark realities of Agri-Business uncertainty and yet create value out of the techno economic complexities of current century. The hall mark of this institute is, not to walk on the beaten path but to strike new routes. The enterprising and pioneering spirit can be witnessed throughout the history of Junagadh Agricultural University. The curriculum offered by PGIABM is according to 4th Deans Committee of ICAR and some additions by the expert committee of this field. The pedagogy of the PGIABM is capacity building for entrepreneurship and self-employment.

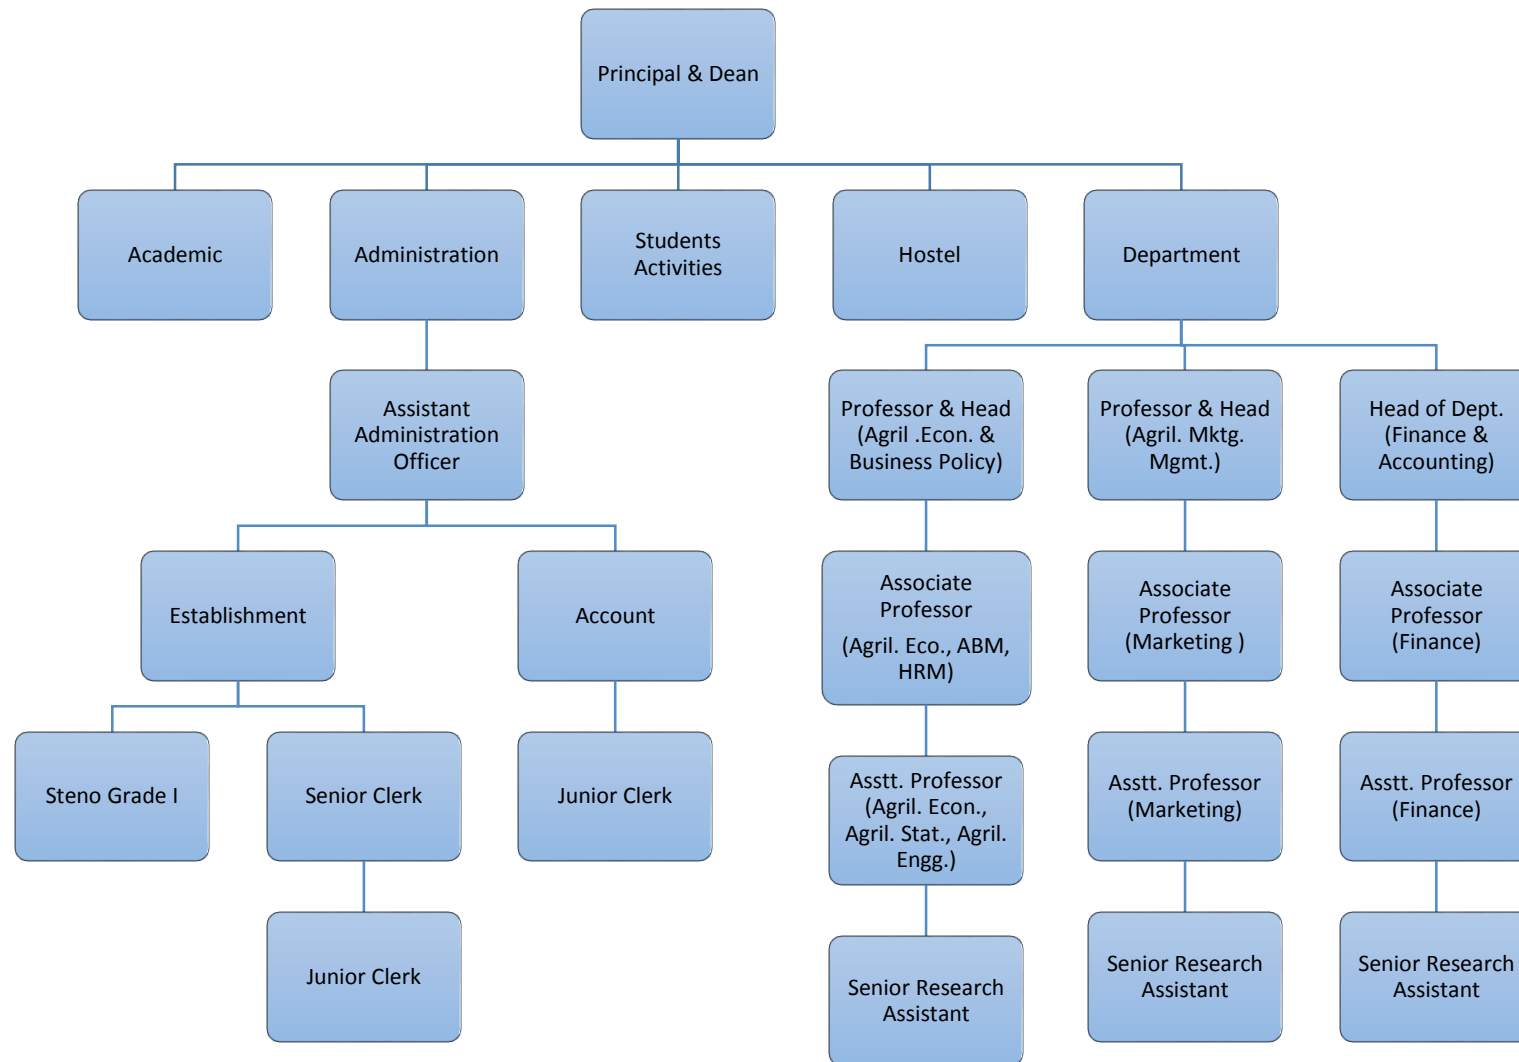

- **Mission**

Mission of PGIABM is to develop Agri-Business professionals with managerial excellence through socio- cultural sensitivity, ethical responsibility and concern for environment.

- **Objectives**

- 1) To develop leadership for Agri-Business sector equipped with enhanced sense of commitment, integrity and ethics.
- 2) To develop skills of practical application of modern management tools and techniques as applied to Agri-Business sector.
- 3) To encourage entrepreneurial spirit in students to make effective change agents.
- 4) To undertake research projects on client specific problems.

6. STUDENTS' WELFARE ACTIVITIES

The brief details about the students' amenities, gymkhana, and co-curricular activities carried out are reported in this section.

6.1 Hostel Details and Mess Management of “Chanakya”

Total plinth area of 1875 m² with 41 Rooms (2 seated capacity) and well-furnished mess facilities with intake of 80 students are available at Chanakya hostel. One reading room, waiting room for student's guardian and rector office are also available at hostel.

6.2 Physical Education Programme

The students of this institute participate in various inter college sports, cultural and literacy competitions. Various extracurricular activities like adventure activities, inter semester sports competitions, annual day celebrations, etc. are carried out throughout the year to develop their inner skills and personality.

6.3 Co-Curricular and Extra-Curricular Activities

Only academic work is not the way to achieve the goals of self-development. We believe in all round development of our students and keep on organizing different recreational activities to break the unnecessary monotony of studies. The extracurricular activities are organized, managed and appreciated by the institute to sharpen the managerial senses.

Connecting Minds, Spreading Happiness

- Pursuit to Progress -

Destiny is no matter choice.

It is a matter of choice.

it is not a thing to be waited for,

it is a thing to be achieved."
