Accreditation is a critical input for an institute for making further progress. The number and types of activities performed in the degree program and the corresponding inputs utilized and the output generated therein, can help in tracking the performance of any entity - be it a public scheme or a concern or an institute. Since its establishment, the B.Sc. (Hons.) Agriculture degree program offered by the College of Agriculture, Junagadh Agricultural University, Mota Bhandariya has seen significant strides in terms of content, presentation and delivery. This publication in the form of Self Study Report (SSR) for B.Sc. (Hons.) Agriculture of the College stands testimony to the firm commitment that is shown in academic activities, even during the COVID-19 induced pandemic situation.

I express my happiness to note how smoothly the switchover has taken place in the degree program from V Deans' Committee to the VI Deans' Committee. The syllabus has been totally revised in line with the emerging challenges in agriculture. The examination system has also been totally revamped, wherein more weightage is given to the precision in learning of the students than mere paperwork. A free hand is also given to the Departments to upgrade their departmental library with new books as per the revised syllabus of the VI Deans' Committee. Besides, the departments are also donning new look with educational charts, smart classrooms along with refurbished faculty and student friendly amenities. The teaching faculties have also shown consistent readiness in being technology friendly. With that they are able to devote more quality time to their other responsibilities such as research and developmental activities. The faculties are also nominated to various technical and capacity building programs and their interest in learning new technologies/ technical inputs related to their discipline have further augmented the teaching paraphernalia.

I am also pleased to note that the B.Sc. (Hons.) Agriculture students have been immensely benefited by the NAHEP-IDP implemented by the University. The students' sound performance in various sports and literary competitions conducted at state and national levels clearly indicate the overall development of the students, thereby, making

them worthy and contributing citizens of the nation. I am sure that the degree program will see new heights in the times to come and the graduating students would serve the cause of farming community. My congratulations to the contributors and compilers of this Self Study Report wish them very well for to keep up their good work. I also thank the Hon'ble Vice-Chancellor and other University Officers for their unwavering support and constant guidance over various activities of the College.

Self Study Report for Under Graduate Degree Programmes

6.4. SELF-STUDY REPORT FOR THE B.SC. (HONS.) AGRICULTURE DEGREE PROGRAMME COLLEGE OF AGRICULTURE, JAU, MOTA BHANDARIYA

6.4.1. BRIEF HISTORY OF THE B.SC. (HONS.) AGRICULTURE DEGREE PROGRAMME

The College of Agriculture is a constituent college of Junagadh Agricultural University (JAU) situated at Po. Mota Bhandariya, Dist: Amreli of Gujarat State. College of Agriculture is located 16 km towards west from district head quarter Amreli, 80 km from Junagadh Agricultural University, Junagadh and 287 km from state capital Gandhinagar. It is located in Saurashtra region of Gujarat with $21^{\circ}32'60''$ N to $71^{\circ}6'41''$ E. It falls under the North Saurashtra Agro-Climate Zone of Gujarat.

Average rainfall of Amreli district is 652mm. One-eighth of the total geographical area (13%) was under problematic soils in the district. The degraded and fallow lands like cultivable waste, and current and other fallow lands accounted for 5 per cent of the total geographical area. Permanent pastures (7%) and forest area (6%) needs to be improved.

The cropping pattern in the district indicates that groundnut is the predominant crop with 62 per cent of the total kharif cropped area, followed by cotton (26%) and sesame (10%). On the other hand, in rabi/summer, sesame is the predominant crop (42%), followed by wheat (41%) and groundnut (13%). In case of horticultural crops, the highest area is under spices (cumin, 32%), followed by fruit crops (32%).

JAU has been accredited by ICAR for the period of 2020-21 to 2025-26. College of Agriculture, Mota Bhandariya has been sanctioned by the Department of Agriculture & Co-operation, Government of Gujarat (GoG) vide resolution No. JKV-122011-3253-K.2 dated on 19th April, 2012 (Annexure-6.4.1). Government of Gujarat has also approved total 48

manpower on regular bases for the college. Initially, due to insufficient infrastructural and other related facilities, this college had been started in the premises of Polytechnic in Home Science building, Junagadh Agricultural University, Amreli, during the year 2013. Thereafter, total 34.21 hectares of land has been allotted to JAU by GoG among which 33.21 hectares of land were allocated by GoG vide District Collector's vernacular order No.: CHI. JMN-1VSHI-629-13 dated on 5th February, 2013(Annexure-6.4.1a) for the construction of college building, hostel building, farm area, sports facilities etc. The additional 1.0 hectare of land was sanctioned for the constructions of Girls hostel by GoG vide District Collector's vernacular order No.: CHI/JMN/1/VSHI/12987/16 dated on 3rd September, 2016 (Annexure-6.4.1b). During the year 2012, the grant of Rs.16.50 crore was sanctioned for constructions of agriculture college building vide resolution number No. JKV-122011-3250-K.2 dated on 5th June, 2012 (Annexure-6.4.1c). As a part of the first instalment, Rs. 5.50 crore was released by Govt. of Gujarat and construction was started immediately after receiving the fund by JAU. The second and third instalments (each of Rs. 5.50 crore) were also released during the subsequent years i.e. 2013-14 and 2014-15, respectively. As it is a residential degree program, Govt. of Gujarat has sanctioned the fund for Boys hostel vide resolution No JKV-122013-220-K.2 dated on 25th April, 2013 (Annexure-6.4.1d) and released the fund Rs. 6.20 crore. Total amount of this grant was released in three instalments i.e. Rs. 2.06 (2013-14), Rs. 2.10 (2014-15) and Rs. 2.04 Crore (2015-16). Thereafter, in the year of 2015, Govt. of Gujarat has also released the grant for the Girls hostel vide resolution No. JKV-122014-2658-K.2 dated on 21st April, 2015 (Annexure-6.4.1e). For the construction of girls' hostel building, JAU has received the grant of Rs. 5.90 crore in three instalments i.e. Rs. 1.60, Rs. 2.10 and Rs. 2.20 crore in the year 2015-16, 2016-17 and 2017-18, respectively. After utilizing the entire grant, both hostel buildings were constructed and are fully functioning with 50 rooms in Boys hostel and 60 rooms in Girls hostel. As per guide lines of the ICAR, the college and all the necessary constructions were made at the allocated place and on 14th February, 2017 the college was shifted to newly built complex at Mota Bhandariya (Dist. Amreli).

At present, as per the required criteria of ICAR, College of Agriculture building is spread over approximately 10 hectares of land. This college is imparting higher education in the field of agriculture in Gujarat state. It has vital role to produce professionals, scientists, and entrepreneurs, who are the guiding force for the welfare of the farmers directly or indirectly. The college also works to improve socio-economic status of the farmers as well as imparting the agricultural education to the UG students. The College of Agriculture is playing an important role in changing the agriculture scenario of the state.

The college is under the direct administrative control of Junagadh Agricultural University, Junagadh. The college has assigned the duties and responsibilities of not only agricultural education but also for the research and extension. The teachers viz. Professors, Associate Professors and Assistant Professors in their respective subjects have to look after the teaching, research and extension activities of the college for the benefit of the students and the farmers. Hence, the college is actively engaged in tri-functional activities of Teaching, Research & Extension *i.e.* TRE. Due to TRE of college, it has become paramount of agricultural activities in the North Saurashtra agro-climatic zone.

The students are admitted on merit basis as per the academic rules and regulations of the State Agricultural Universities of Gujarat. In the year 2020-21, fifth batch of our college passed out with a total of 46 students out of which majority of students had opted for higher studies and currently they are employed as gram-sevaks (government service), private jobs, entrepreneurship as well as farming. A total of 67 students graduated during the year 2021-22 out of which majority of students pursued higher studies, few of students have cracked competitive exams, many students are employed in private sector and few of the students are self-employed. A student of this batch, Mr. Parth Nandania had secured a total of 13 donors' medals in different subjects of Agriculture faculty and Mr. Kalathiya Sumit had secured admission for PG studies in the discipline of Agril. Entomology at Sardarkrushinagar Dantiwada Agricultural University, Dantiwada through ICAR quota. In the year 2022-23, a total of 83 students graduated from our college out of which most of the students had opted for higher studies, many joined private companies including banks, few were self employed, few of them were engaged in farming and NGO sector. Many of the students are also engaged in preparations for competitive exams. During this academic year, Mr. Rakesh Barad secured 3 donors' medals in different subjects of Agriculture faculty and Mr. Vaghmaria Yogesh had secured admission for PG studies in the discipline of Agril. Entomology at Acharya Narendra Deva University of Agriculture and Technology, Kumarganj, Ayodhya through ICAR quota. A total of 65 students graduated during the year 2023-24 out of which majority of students pursued higher studies, some of the students have joined the private sector including bank and some students are engaged in preparations for competitive exams. Mr. Rahul Kumar has secured admission for PG studies in the subject of Genetics and Plant Breeding at Dr. Rajendra Prasad Central Agricultural University, Pusa, Samastipur, Bihar through ICAR quota and he has recently been recruited by the Coconut Development Board, Ministry of Agriculture and Farmers Welfare, Government of India as a field officer. Recently, our ninth batch has passed out in the academic year 2024-25 comprising of total 72 students. Among these students, few have joined the private sector and many have opted for higher studies. Ms. Nidhi Priya has

secured admission for PG studies in the discipline of Plant Pathology at Acharya N. G. Ranga Agricultural University, Andhra Pradesh through ICAR quota.

Our students are also participating in various sports/cultural activities organized by the JAU from the very first year. The students remain fully engaged during a day with teaching, examination, sports, cultural, NSS activities etc. Students of first and second years voluntarily joined the physical education course (non-credit). They learn the fundamental principles of physical education and various skills of major games. They are also taught about awareness of physical fitness and importance of health education. As per ICAR rules, college has formulated different committees viz., Anti-raging Squad and Gender committee *etc.* for students' objectives, academic program as well as smooth functioning of the college.

6.4.5. CONDUCT OF PRACTICAL AND HANDS-ON-TRAINING

Practical classes provide real time knowledge and experience of observing through the application of the concepts. Engaging students practically will help them to develop important skills, understand the process of scientific investigation and develop a broad understanding of scientific concepts. Agriculture profession demands basic and applied techniques to be learnt for betterment of profession. With this objective, practical classes are conducted both in laboratory and field conditions. Based on the requirements of clear understanding of the concepts students are allowed to conduct objective based practical classes. The students are grouped into 4-5 members in practical classes for clear monitoring and realistic experiences for individuals.

LEARNING MATERIALS

- The faculty is preparing theory and practical manuals for each subject of degree program and distributed free of cost to students.
- Students get practical exposure in separate laboratory of each discipline.
- Visits to various agro-based industries, APMCs and co-operative societies are also arranged to give practical knowledge of the subject.

PRACTICAL AND HANDS-ON-TRAINING

- Students are frequently exposed to farm visits in nearby farmer's field to study various pest and diseases prevalence as well as to collect samples. They also interact with the farmers.
- Student READY Program is divided in two parts (1) RAWE in seventh semester and (2) ELP in eight semester.
- RAWE Program (7th semester) is divided into various Phases like Village stay phase, Industrial visits, Co-operative and NGO visits phase, Research station and KVK phase, in order to get practical knowledge about current trends in Agriculture.
- As Experience Learning Program has not been approved by ICAR, however, facility of College of Agriculture, Mota Bhandariya is being used for this purpose. The students of 8th semester are getting entrepreneurship based knowledge/ skill ELP module.
- As whole world is facing COVID-19 crisis, all the departments are conducting online theory and practical classes with power point presentation, videos, photos through virtual mode. All type of study material uploaded on various online platforms for easy assistance.
- All internal and external examinations were also conducted in online mode through JAU software and immediately results are prepared and notification of results is issued by office of Register as early as possible.

6.4.6. SUPERVISION OF STUDENTS IN PG/PH.D. PROGRAM

PG program yet not started at the College of Agriculture, JAU, Mota Bhandariya but the recognised faculties guiding the PG students admitted at CoA, JAU, Junagadh in various disciplines.

6.4.7. FEEDBACK OF STAKEHOLDERS (STUDENTS, PARENTS, INDUSTRIES, EMPLOYERS, FARMERS ETC.):

- Feedback from students, parents, farmers and industrialist are being taken time to time. It reveals that students are getting education as per schedule and proper facilities at hostels mess, drinking water facility, gymnasium, sport ground, Wi-Fi are being provided. Parents who visited hostels and college are quite happy. Whenever students go in the RAWE the farmers are always eager to staff and students and get satisfaction. Staff also participated in krishi mahotsav a state government flagship programme every year. Documentary evidences are attached in annexure--6.4.7a
- **The Academic Council:** It is constituted by University as per schedule wherein, Deans of all faculties, nominated Professors and Research Scientists of different faculties and renowned academicians are members. Based on the Board of Studies recommendations, the Academic Council takes the decision on academic matter for implementation in the university/college.
- **Student Advisory Committee:** It is framed in the college in which four to five students are allotted to each faculty. They are frequently discussing the educational problems as well as the hostel related problems and authorities are implementing accordingly (Annexure-6.4.7b).
- **Student Representative Council:** It is working in the college and frequently discussing the teaching and learning process with students, getting their feedback and implementing accordingly.
- **Faculty Group of Subjects:** The Board of Studies for Group of Subjects for different subjects meets under the convenorship of Dean (Faculty of Agriculture) for evaluation of each faculty viz. duties and responsibilities, workload, courses taught and their results and academic progress of each individual faculty for improvement in quality of education. The meeting is also attended by Hon. Vice Chancellor, Director of Research and other University officers (Annexure-6.4.7c)..

6.4.9. ICT APPLICATION IN CURRICULA DELIVERY:

- All the Departments in the college are equipped with smart board in the UG class rooms and with LCD projector in auditorium/laboratory classroom exclusively as a part of enhanced use of ICT in UG curricula.
- The college has four class smart boards and one virtual class, which were arranged as a part of ICT usage for teaching.
- The college and the hostels are Wi-Fi enabled to facilitate the students in the updation of scientific knowledge and for completion of their assignments and projects for effective teaching and content delivery.
- Online videos on field use of farm implements/machinery, studying of pest and disease symptoms, understanding breeding methods like emasculation, crossing, selfing *etc.* are screened for the students.
- The provision for recording of the classes through TELAgE (Technology Enhanced Learning in Agricultural Education lab) is established at the college for the benefit of the students.
- The faculty of the college effectively shifted to online mode of teaching during COVID-19 pandemic for imparting online education during 2020.

- Different video capsules of Agriculture are being prepared by the students and faculty and the same are being uploaded in YouTube channel for popularization of agricultural technologies developed by the university.

6.4.12 CERTIFICATE

I, Dr. D. S. Kelaiya, Principal, College of Agriculture, JAU, Mota Bhandariya hereby certify that the information contained in the Section 6.4.1 to 6.4.9 are furnished as per the records available in the college and degree awarding university.

6.5.1.2. MONITORING MECHANISM FOR QUALITY EDUCATION (ON-LINE)

The college has a strong monitoring mechanism to provide quality education to the students of the UG degree programme. Sincere efforts are continuously being done to impart current and upto-date scientific knowledge to the students and also to enhance scientific acumen of the faculty to meet the needs of the stakeholders. The college has a good monitoring system equipped with modern tools to assist the authority for regular and periodical monitoring of the education. For regular monitoring of quality education various initiative are continuing which include;

- Academic regulations are prepared keeping in view the ICAR Vth and VIth Dean's committee recommendation and are strictly followed.
- Academic calendars are prepared in advance in consultation with the colleges of other SAUs' of Gujarat and followed into.
- A common semester end examinations including paper setting and evaluation for UG are conducted to all SAUs' of Gujarat.
- The examinations are conducted with strict supervision and under CCTV surveillance.

- Regular supervision of the class rooms personally and with CCTV surveillance, monitored directly by the Principal.
- The college has prepared the practical manuals for all the subjects as per ICAR Vth and VIth Dean's committee recommendation.
- The laboratories are well-equipped with charts / specimens / teaching aids / models for conducting the practical classes.
- College has developed an advisory system in which about 5 to 7 students are allotted to a faculty member as advisor in first year and remain throughout his UG course programme. The advisory Note book is issued to the student and whenever he meets his advisor an entry is made in the book, at the end of each semester the result of the student is also mentioned and advisor guides the student for further course of action. The advisors also guide the students regarding their academic activities, other activities and career opportunities.
- College has a small library to cater the need of the student for enhancing their general knowledge and competitive exam preparation.
- The Central Library is available at university level which is digitalized and well equipped with adequate books, e-books & e-journal and statistical tools for the reference of students and is also provided with CCTV to monitor the students. The library has a separate section to serve the students who are preparing for various competitive examinations.
- Feedback is obtained from the students about the courses taught by the teachers who are making their candidature for Best Teacher Award every year.
- Feedback from alumni is also obtained for improvement of teaching/research periodically.
- JAU Exam Management System (JEMS) is Web Enabled application Software for Management of various academic activities of the College. The System caters to the requirements of different users Dean, Registrar, Heads, Guides, Faculty, Teachers, Students, Administrators and officials for performing their assigned tasks. The System is user friendly and can be accessed ubiquitously. The online capabilities of the system allow the students, faculty members, guides and administrators to publish and retrieve the information from their respective disciplines. It has modules like Dashboard, Mapping Details, Master, Master

Mapping, Dashboard Dean PG, Exam, Setting and Report. This software helps in Management of Courses, Student Management, Faculty Management, Examinations and Results and Transcripts.

There is one **Student Fee software** with modules Dashboard, Student Master, online Fee Schedule and Report. It allows the students to submit the Fees directly online in the college account.

MONITORING OF TEACHING, RESEARCH AND EXTENSION (TRE)

The college is engaged in triple activities of Education, Research and Extension Education. There are separate bodies for planning these activities for semester for a year and for a longer period also.

The academic calendar for Implementation of Under Graduate is proposed from the college to the university. A common academic calendar is prepared for all State Agricultural University of Gujarat in a joint meeting of the authorities from all four Agriculture Universities of the Gujarat. The common academic calendar helps in Execution of academic programme such as class room teaching, practical, internal exams, skill development trainings, Experiential Learning Programme (ELP), in plant training, projects, educational tour, and semester end theory and practical exam. In UG the semester end question paper is prepared common for all the State Agriculture University of Gujarat and similarly examination is conducted for all State Agriculture University of Gujarat. All the procedures are approved by Academic Council of the University.

The Research proposals are submitted by the departments and discussed in the ZRAEC committee and approved proposals are submitted in Agricultural Research Sub-committee (AGRESCO) after thorough discussion the proposals are submitted to Joint AGRESCO of all faculties and then recommendations and New Technical Programmes are approved. The approved programmes are submitted in University Research Council for approval.

The budgetary and financial proposals, which needs the approval of the Board of Management of the University submitted for approval to the board and ultimately the approved proposal are submitted to the State Government for the necessary financial assistance.

MECHANISM / BODIES FOR COURSE CURRICULUM DEVELOPMENT AT COLLEGE LEVEL

- Discipline wise Group of Subjects (GOS) annual meetings are organized to review and plan Teaching, Research and Extension programmes of various departments. In this meeting the Head of Department put up the progress of education in their department and also discuss with faculty member about the course curricula and proposed necessary modifications if needed. The meeting is attended by all faculty of the discipline of that GOS and monitored by Dean, Director of Research & Dean PG along with the Vice Chancellor of the University.
- The proposed course curricula of UG of all discipline is discussed in the Board of studies Faculty of Agriculture and the finalize version is sent for further approval to the Academic Council of the University. The Academic Council approves the course curricula and if any financial requirement is their it is submitted to the Board of Management of the University for final approval and implementation.

IMPACT OF MONITORING ON THE OUTCOMES

The college has produced quality man power in field of Agriculture which is catering the need of the state and country in academic institutes, public sector units, private organizations and Agro Based Industries. Many of the students have developed their own enterprises and manufacturing units and strengthened the agricultural infrastructure of the state.

College has a Training & Placement cell and Student Counselling Cell for facilitating carrier guidance and personality development programmes that aim at

increasing employability of the students. Faculty are also encouraging and coaching students during holidays to prepare for various competitive exams like NET/ARS, JRF, SRF, TOEFL, IELTS and other competitive exams like GPSC, UPSC and Banking services.

6.5.1.3. CC/BOARD OF STUDIES

The College of Agriculture, Mota Bhandariya is a constituent college of Junagadh Agricultural University, Junagadh and is governed by decisions of the statutory bodies viz., Board of Studies (BOS) and Academic Council which includes nominated Professors, Associate Professors, Assistant Professors of all the constituent colleges along with University officers and Co-opt members.

THE FOLLOWING MAJOR RECOMMENDATIONS HAVE BEEN MADE DURING THE PERIOD OF REPORT:

6.5.3.3 STUDENT READY/ IN- PLANT TRAINING / INTERNSHIP / EXPERIENTIAL LEARNING PROGRAMS:**RAWE (RURAL AGRICULTURAL WORK EXPERIENCE) PROGRAMME:**

On the basis of Vth Dean's committee report of ICAR, the college has implemented the student's READY programme from 2016-17. Building self-confidence in the agricultural graduates by honing their professional skills is the key objective of RAWE at the under graduate level. The Rural Agricultural Work Experience (RAWE) helps the students primarily to understand the rural situations, status of Agricultural technologies adopted by farmers, prioritize the farmer's problems and to develop skills & attitude of working with farm families for overall development in rural area. Besides acquiring first hand field experience, the RAWE modules bring about positive changes in the students' mindset, outlook, personality traits, managerial and entrepreneurial skills.

RAWE includes different phases viz. orientation phase, village and KVK attachment phase, research station phase, agro industrial attachment phase, exposure tour, project report preparation & data compilation.

In orientation phase, the Heads of concerned departments are exposed to the students about latest practices/technologies available in their respective fields before undergoing training on Agronomical Interventions, Plant Protection Interventions, Soil Improvement Interventions, Fruit and Vegetable production interventions, Animal Production Interventions and Extension and Transfer of Technology.

In village and KVK attachment phase the students get exposure to the different farming practices, method of application of insecticide/pesticide, local methods adopted by the farmers, troubleshooting faced by the farmers, innovative practices, indigenous knowledge about farming from the farmers. Thus the favourable and required skills and attitude developed among students.

In research station phase the information is provided to the students regarding different research activities carried out at research stations with different package of practices, demonstration, *etc.*

In agro industrial attachment phase, students acquired the exposure related to the different agro industries, dairy and activities of NGO and the students attached with the agro-industries got an experience of the industrial environment and working, their function and the role in agriculture and also familiarize the students with various materials, machines, processes, products and their applications along with relevant aspects of management.

The students are given one week for project report preparation, presentation and evaluation. The students collect the required information to record their observations in field and agro-industries on daily basis prepared their project report based on these observations.

In exposure tour, the students visit different SAUs, colleges, research stations NGOs, KVKs, various institutes of ICAR, *etc.* of different states. They acquire knowledge of various institutions working over the India. Here they observe the activities and different demonstrations units and students get an opportunity to interact with experts of different institutions. In general, tour is very helpful to improve the knowledge of students about agricultural activities carried out by different institutes, KVKs, and research stations.

Due to Covid-19 pandemic in the year 2020 the exposure tour under RAWE programme conducted in virtual mode. In which students are virtually visited the cites of SAUs, different colleges, research stations, KVKs, NGOs, various institutes of ICAR etc., and also expects from different institutions were delivered their talk on different topics.

EXPERIENTIAL LEARNING PROGRAM (ELP):

Previously, the students of this college were given exposure of ELP at College of Agriculture, J.A.U., Junagadh in their eighth semester (180 days). Since year 2021-22, this phase is conducted at our college premises. Under this programme, the students are divided into groups and they are given training under the Department of Agricultural Chemistry and Soil Science, Department of Plant Pathology, Department of Agricultural Entomology and Department of Genetics & Plant Breeding, Department of Horticulture. They received on-hand exposure in the field of tissue culture, preparation of bio-fertilizers and bio-agents, soil testing laboratory, nursery management and green house cultivation during their learning phase.

Through this phase, students developed the entrepreneurial management capacity, developed their skill and knowledge and developed confidence for handling of the project.

According to the 6th Deans committee which has come into existence since year 2024-25, a total of five skill enhancement courses (SEC) are being taken viz. skill enhancement course according to 6th deans committee since year 2024. They are as listed below:

SEC-1: Biofertilizer and Biopesticide Production
SEC- 3: Seed Production and Testing Technology
SEC-4: Mushroom Production Technology
SEC- 5: Soil, Water and Plant Testing
SEC- 11: Commercial Horticulture

LEARNING OUTCOMES AS PER GUIDELINES OF ICAR:

Vth Dean's Committee Recommendations have been implemented since 2017-18. Semester system with external examination system is followed as per guidelines of Vth Dean's Committee for evaluation and marking system of U.G. programme. Examination and evaluation programme has also been implemented in the college as per ICAR guide lines.

As whole world is facing COVID-19 crisis, all the departments are conducting online theory and practical classes with power point presentation, videos, photos through virtual mode. All type of study material uploaded on Google classroom for easy assistance.

PROFIT SHARING MECHANISMS FOR EACH ELP UNIT SANCTIONED BY ICAR FOR COLLEGE:

ICAR has not sanctioned any ELP unit. ELP units have been functional at our college campus from the year 2021-2022; most of the units are skill based so no income is generated. From the year 2022-23 till date profit generated at the end of ELP unit (Soil, water, plant and water testing unit) is distributed among the students as per the mandate of the programme.

6.5.3.4. CURRICULA DELIVERY THROUGH IT (SMART CLASS ROOMS/INTERACTIVE BOARD ETC.):

- The students are taught by power point presentations and audio visual aids during lectures and practical.
- Digital class room is equipped with audio visual aids and video conferencing facility, which is utilized by students.
- Digital library with computers and internet facility is available and used by the students. Beside these, internet facility is also provided at hostel which is available for all the time.

ACADEMIC SCHEDULE PUBLICATION:

Under the guidance of Principal and Dean as per university schedule, decided at common meeting of all four SAUs of Gujarat. The academic branch of this college prepares time table (Theory & Practical) for teaching and arranges internal theory and practical examinations as per academic calendar under the guidance of Academic In-charge of

College of Agriculture, Junagadh. RAWE convener makes schedule of Students' READY programme, RAWE programme, Exposure educational tour Programme. SRC Chairman and Physical Instructor, as per guidelines of Junagadh Agricultural University prepare sports calendar. Academic calendar and timetable of centralized common semester end examination is common for all the four SAUs of Gujarat state.

The College of Agriculture, JAU, Mota Bhandariya also prepares annual report, planning for extra-curricular activities, celebration of college annual day, sports and athletics activities *etc.* every year. All the students of this college are actively participating in all the activities every year apart from their brilliant academic careers.

6.5.4.4. CONDUCT OF PRACTICAL AND HANDS ON TRAINING

Students are frequently exposed to farm visits in nearby farmer's field to study crop conditions, soils, agronomic practices followed by farmers, various pest and diseases their damages as well as to collect samples. Sometimes, they also interact with the farmers.

Student READY Program/RAWA Program (7th sem.) is divided into various Phases like Village stay phase, Industrial Visits, Co-operative and NGO visits phase, Research stations and KVKs phase. During this, students are getting practical knowledge about current trends in Agriculture.

The Experience Learning Program has not been approved by ICAR, however, facility of College of Agriculture, Mota Bhandariya is being used for this purpose. The students of 8th semester are getting entrepreneurship based knowledge/skill ELP module. Students are engaged with various activities like production of *Trichoderma* and *Beauveria* bio-agents, value added products like Jam, Jelly, Nectar *etc.* and raising nursery of vegetable crops. Soil and water sample analysis, seed production, green house cultivation, *etc.*

In the practical session, the students are divided into two batches for each course practical session of two hour per week is scheduled during which students perform various practical and get equipped with skills and practical know how.

6.5.4.5. EXAMINATION AND EVALUATION PROCESS:

Fifth Deans' Committee deliberated on the examination and evaluation system being followed by different universities. The Committee recommends Uniform Grading system to be followed with uniform OGPA requirements for award of degrees at all levels and uniform conversion formulae to be followed for declaration of I, II and III divisions, distinctions, *etc.*

UG EVALUATION

Internal: Paper-setting for common mid-term exams is done by any one teacher appointed from one of the constituent college of the university and internal practical is drawn by respective course teachers covering 80% of the syllabus. Evaluation of both internal exams is also done by the concerned course teacher.

External: Paper setting for theory external exam covering entire syllabus is done by a Committee consisting of course teachers, each from the four SAUs of Gujarat. Out of which, one senior course teacher acts as a convener and others are members. As per the academic calendar, there is common date for paper setting, exam schedule as well as paper evaluation. After completion of semester-end exams, the same committee is to assemble at any one of the SAUs on rotational basis for one week and evaluate the answer sheets and prepare the results. The grading system followed as per the V Deans' Committee recommendations is as under:

Degree	Percentage of Marks Obtained	Conversion into Points
B. Sc. (Hons.) Agri.	100	10 Points
	90 to <100	9 to < 10
	80 to <90	8 to < 9
	70 to <80	7 to < 8
	60 to <70	6 to < 7
	50 to <60	5 to < 6
	<50 (Fail)	< 5
	E.g. 80.76	8.076
	43.60	4.360

**AWARD OF DIVISION**

After completion of the degree program, the students are awarded the following divisions:

OGPA	Division
5.000 - 5.999	Pass
6.000 - 6.999	II division
7.000 - 7.999	I division
8.000 and above	I division with distinction

GPA = Total points scored / Total credits (for 1 semester)

CGPA = Σ Total points scored / Course credits

OGPA = Σ Total points scored (after excluding failure points)/ Course credits

% of Marks = OGPA x 100/10

6.5.7.4. EMPLOYABILITY:

It is necessary for the students that they should not only be academically sound but they should also possess personal attributes, skills, right understanding which in future prospect enable themselves to be good employees in reputed organizations and become

good contributors in their own organization. In this context, it is also a responsibility of the institution to develop these things in the students.

College of Agriculture, J.A.U. Mota Bhandariya work for the personality development and entrepreneurship skills development of the students. Under the banner of NSS, the college organizes camps in which students go to village and try to address ground level agricultural problems of the farmers and at the same time develop real time communication skills with farmers and work for awareness in different aspects of village as a unit.

Various program both online and offline have been organized in our college such as: Personality development for professional excellence; Campus to Corporate; Learning and Career Opportunities in Agribusiness, Plantation, Food and Agri Exports (online); women's empowerment on financial literacy educational & motivational training (online); seed of success *etc.* Our students have also participated in programs organized by JAU, Junagadh e.g. one day workshop on 'Development of soft skills for entrepreneurship among agri-graduates'. The students of this college have undergone internships in reputed institutions like BAIF at Bharuch and Lachakadi; ITC Ltd. at Siddhpur and Barmer; NDDDB at Anand; IFFCCO at Kalol; Crystal Crop Care Pvt. Ltd. at various locations in Saurashtra *etc.*

- 10.7 The faculties should participate in seminar/ symposia/training as per their discipline only (*Action: All faculty members, FGS-NRM*).

3. PLENARY SESSION

Dr. R. B. Madariya, Director of Research, JAU, Junagadh, advocated that it is very much important to evaluate the teachers who are performing their duties with dedication under limited staff by organising such meetings. He also appreciated faculties for a very good contribution in teaching work in addition to research and other works under limited staff. However, all the faculties of this group should put more efforts for excellence in teaching, research and transfer of technology. He urged all the faculties and staff that we should maintain our dignity and image by putting extra sincere and dedicated energies and also, we should reduce the dropout ratio of the students.

At the end of the meeting, Dr. H. L. Sakarvadia, Professor and Head, Department of Soil Science and Agril. Chemistry, CoA, JAU, Junagadh extended the vote of thanks.

Date: January 10, 2025

Time: 15:00 to 19:00 hrs

Venue: Seminar Hall, Department of Agril. Economics, CoA, JAU, Junagadh

10.0 Prologue

The 10th meeting of the Faculty Group of Social Sciences (FGSS) was organized in the afternoon session of January 10, 2025, at the Seminar Hall, Department of Agricultural Economics, College of Agriculture (CoA), Junagadh Agricultural University (JAU), Junagadh. The meeting was convened by Dr. D. V. Patel, Convener (FGSS) and Professor & Head, Department of Agricultural Statistics, CoA, JAU, Junagadh. Dr. V. P. Chovatia, Hon'ble Vice Chancellor, graced the occasion as the Chairman, while Dr. R. B. Madariya, Director of Research and Dean (PG Studies), and Dr. P. D. Kumawat, Principal and Dean, CoA, Junagadh, served as the Co-Chairmen of the proceedings. Dr. C. D. Lakhani, Principal, PGIABM, JAU, Junagadh, and Dr. A. S. Dudhat, Principal, CoA, JAU, Mota Bhandariya, also remained present. While Dr. S. M. Trivedi, Asso. Prof., PGIABM, and Dr. B. Swaminathan, Asstt. Res. Sci., Deptt. of Agril. Econ., CoA, JAU, Junagadh, served as the rapporteurs of the meeting, the sessions were anchored by Prof. J. D. Bhatt, Asstt. Prof., PGIABM, JAU, Junagadh.

The meeting was attended by all the faculty members of social sciences of Agricultural Statistics, Agricultural Economics, and Agricultural Extension from the agricultural colleges of Junagadh, Mota Bhandariya, and Khapat, besides members from the office of the Directorate of Extension Education, Postgraduate Institute of Agri-Business Management (PGIABM) and Agricultural Engineering Extension of CAET, JAU, Junagadh. The doctoral students of the concerned subjects were also present. Dr. D. V. Patel, Convener (FGSS) and Prof. & Head, Dept. of Agril. Statistics, CoA, Junagadh, welcomed the august gathering and submitted his gratitude to the Hon'ble Vice-Chancellor and other university officers for their presence despite their busy schedule and other official engagements. Following the welcome address, the dignitaries on the dais and senior members off the dais were given a floral welcome and the two practical manuals of the Deptt. of Agril. Statistics, CoA, JAU, Junagadh were released.

The action taken report (ATR) of the proceedings of the 9th meeting of the faculty group of social sciences was presented by Dr. D. V. Patel to the approval of the house. Subsequently, the presentations on discipline-wise reports of the activities for the academic year 2023-24 were delivered by the members of the concerned social science discipline as presented below from sub-sections 10.1 through 10.5.

Presentation Session

- Chairman : Dr. V. P. Chovatia, Hon. Vice Chancellor, JAU, Junagadh
Co-chairman : 1. Dr. R. B. Madariya, Director of Research and Dean (PG Studies)
2. Dr. P. D. Kumawat, Principal & Dean, CoA, JAU, Junagadh
Rapporteurs : 1. **Dr. S. M. Trivedi**, Asso. Res. Sci., PGIABM, JAU, Junagadh
2. **Dr. B. Swaminathan**, Asstt. Professor, PGIABM, JAU, Junagadh

10.1 Agricultural Statistics:

The presentation of the report on the activities of the Agricultural Statistics discipline for the academic year (AY) 2023-24 concerning the degree colleges of Junagadh, Mota Bhandariya, and Khapat as well as polytechnics was presented by Prof. A. P. Prajapati, Assistant Professor, Dept. of Agril. Statistics, CoA, Junagadh. The presentation was approved by the house with the following suggestions:

- (i) Ensure the preparation of the PowerPoint slides sans any issues, including typos or mismatches in total values.
- (ii) Furnish the number of students who have not taken the exams due to I-grades in the concerned courses, wherever applicable.
- (iii) Ensure that the departmental research projects are given a different title from that of students' thesis research.
- (iv) Ensure that the feedback of the students is quantifiable, adhering to the common format used by other faculty groups.
- (v) Initiate efforts to make the PG students submit their synopsis by the second semester of their degree programs.
- (vi) Present teacher-wise training needs separately.
- (vii) Encourage faculty members to attend training programs.
- (viii) Present the engagement of faculty members in extension activities in the form of radio talks, TV talks, publication of popular articles, *etc.*
- (ix) Provide details of the students securing ShODH scholarships and obtaining ranks in ICAR- JRF/SRF examinations.
- (x) Include the h-index and i-10 index of the faculty members along with their total citations.

10.2 Agricultural Economics:

The report concerning the activities of the discipline of Agricultural Economics of the colleges of Junagadh, Mota Bhandariya, and Khapat, concerning the academic year 2023-24, was presented by Dr. N. J. Ardeshta, Asso. Res. Scientist, Dept. of Agril. Economics, CoA, Junagadh. The house appreciated the comprehensive nature of the presentation as it included the h-index, i-10 index, and citations of the faculty members, besides details of the students' performance in competitive examinations.

The house approved the report presented and accorded the following suggestions for further improvement:

- (i) Allocate thesis topics only after the completion of pilot surveys by the students so that the grassroots realities in fulfilling the research objectives can be considered better.

- (ii) Motivate PG students to take up impact assessment studies, as much as possible, to bring out the economic and social outcomes of the university projects and technologies.
- (iii) Incorporate the items required for the strengthening of the department.

10.3 Agricultural Extension:

Dr. B. N. Kalsariya, Professor & Head, Department of Agricultural Extension, CoA, JAU, Junagadh, presented the report of his discipline comprising the colleges of Junagadh, Mota Bhandariya and Khapat for the academic year 2023-24. The house approved the presentation and prescribed the following suggestions for betterment:

- (i) Present the strengthening of the department in terms of current year requirements.
- (ii) Incorporate all the extension activities carried out by the department, including the department's contributions in facilitating the exposure visits of the school students.
- (iii) Furnish the budget head for the projects mentioned.
- (iv) Include the h-index and i-10 index of the faculty members along with their total citations.

10.4 Postgraduate Institute of Agri-Business (PGIABM):

The report concerning the activities of PGIABM for AY 2023-24 was presented by Dr. C. D. Lakhlani. Principal, PGIABM, JAU, Junagadh. The report was approved with the following extensive suggestions:

- (i) Consider only the contact hours of the courses offered while calculating the workload of the faculty members.
- (ii) Refrain from including time spent on preparation for teaching, student welfare activities, administration, and PG guidance while calculating the workload of teachers.
- (iii) Present the placement details of MBA and doctoral students to date from the year of graduation of the first batch.
- (iv) Furnish a separate table for supplementary exams if necessary.
- (v) Refrain from including the student numbers of the ensuing semester, as the activities should pertain only to AY 2023-24.
- (vi) Introspect the project proposals and thesis synopsis of the students in such a way that they are technically sound and foolproof.
- (vii) Pay personal visits to the student project sites (companies) instead of telephonic inquiry.

10.5 Agricultural Engineering Extension:

The report on the activities of Agricultural Engineering Extension was presented by Dr. V. K. Chandegara, Professor & Head, the Department of Agricultural Engineering Extension Education, CAET, JAU, Junagadh. The report was approved by the house with the following suggestions:

- (i) Present only the activities of the unit for AY 2023-24 and not of the other departments and units of CAET, JAU, Junagadh, leading to duplication of the activities undertaken.
- (ii) Refrain from publishing the College Annual Report using the budget meant for extension activities of the unit alone.

10.6 General Suggestions:

Apart from the discipline-wise specific suggestions given by the chairman, co-chairmen and other members of the house, several of their common suggestions are given hereunder.

- (i) The reports of all the disciplines/units of social sciences should be bound together as one volume instead of submitting them individually.
- (ii) Efforts need to be ensured to complete the Faculty Group Meetings by August/September.
- (iii) The Action Taken Report should bear the sign & seal of the convener of the reporting year.
- (iv) The absentees need to inform the convenor of the meeting in advance.
- (v) The feedback of the students should be of quantitative type, adhering to the common format used by other faculty groups.
- (vi) Suggestions from all faculty groups of the university need to be compiled and shared with all the members, enabling their adherence by all, irrespective of their groups.
- (vii) All the major guides and advisory committee members need to encourage students to cite relevant publications (journal articles, theses, AGRESO reports, etc.) of their concerned departments, as much as possible, in their synopsis, dissertations, and other future publications in order to improve the citation count of the faculty members.

10.7 Epilogue

In his concluding remarks, Dr. V. P. Chovatia, Hon'ble Vice-Chancellor, appreciated the house for their exhaustive presentations, covering every idiosyncratic detail of the activities carried out in AY 2023-24, and congratulated all for their wholehearted contributions despite the limiting factors of faculty shortage and resource crunch. He also appealed to the members of the group to work earnestly in catering to the interests of students, farmers, and other stakeholders. The meeting ended with Prof. A. P. Prajapati proposing a vote of thanks.
