Foreword

To begin with, I would like to offer my sincere congratulations to Dr. D. K. Varu and his team for the remarkable success of Alumni Booklet-2026. It is with great pride and deep satisfaction that we introduce this commemorative booklet, "A Weaving of Excellence: Alumni of the College of Horticulture". This volume transcends being just a publication; it serves as a carefully curated anthology of legacy, resilience and triumph, honoring the remarkable individuals who embarked on their journeys at College of Horticulture, Junagadh Agricultural University.

The bond between a college and its alumni is both symbiotic and everlasting. The institution lays the groundwork of knowledge and values, while the alumni infuse vitality into its legacy, promoting its name globally and, through their achievements, establishing its reputation. This booklet encapsulates the essence of that relationship. Within these pages, you will discover not only tales of professional triumph but also stories of character of farmers transforming agricultural practices, scientists developing sustainable solutions, entrepreneurs creating businesses from the ground up and leaders influencing policy. Their varied journeys, connected by a shared beginning, beautifully demonstrate the diverse impact of a College of Horticulture education.

Every account presented here exemplifies the fundamental values instilled at College of Horticulture: academic rigor, steadfast integrity, a culture of innovation and a profound bond with the land and its inhabitants. These graduates embarked on their paths equipped not only with technical skills but also with a moral compass and a problem-solving approach. Their experiences, characterized by both obstacles and triumphs, act as a significant inspiration for our current students. They stand as living evidence that the knowledge acquired here, when combined with enthusiasm and determination, can foster not only crops but also transformation, advancement and a brighter future.

We convey our profound gratitude to every alumnus who generously shared their experiences. Your openness to reflect and contribute transforms this from a simple document into a lasting source of inspiration. Furthermore, we applaud the dedicated efforts of the Alumni Association and the organizing committee, whose hard work made both the memorable reunion and this publication achievable.

To our current and future students, may you peruse these pages and view not distant figures, but relatable trailblazers. May you identify in their origins your own potential and may their narratives inspire within you the drive to create your own distinctive journey, one that respects our collective legacy while adding your own lasting chapter to the continuing saga of College of Horticulture.

We believe this booklet will enhance the connection between different generations of the JAU family and encourage all to persist in Forging Ahead.

(V. P. Chovatia)

PREFACE

Alumni of the College of Horticulture, Junagadh Agricultural University, serve not only as its brand ambassadors but also as its future custodians. They are the individuals who can bring about transformative change in their parent institution through positive networking and sustained, constant involvement. This rendezvous succinctly emphasized that beyond human resources and infrastructure, it is the emotional bonding that an alumnus feels towards their alma mater that goes a long way in ensuring the holistic growth of the institution.

This booklet is one of the enduring outcomes of that memorable event. Suitably titled “**A Weaving of Excellence: Alumni of the College of Horticulture**”, it not only celebrates the professional success of our horticulture graduates but also aims to inspire current students to dream big and work hard to leave a lasting impression in whatever field they choose—be it production, research, entrepreneurship, or civil services. This work is a testament to the fact that, no matter how humble one's origins are, with unbridled passion, sincere dedication and meticulous planning, any milestone is achievable. Readers will also appreciate the underlying message weaving through all the success stories: it is never too late to start anything new that aims to leave a meaningful impact on society and the agricultural landscape.

I wholeheartedly thank Dr. V. P. Chovatia, the esteemed Vice Chancellor, as well as the entire university team, which includes the Director of Research & Dean of P.G. Studies, the Director of Extension, Registrar and the Director of Student Welfare for their visionary leadership, constant support and strategic direction in ensuring the grand success of the timely release of this booklet.

I deeply appreciate the meticulous efforts of faculties, students, alumni for their dedication and precision in bringing out this book in a top-class manner. I also extend my best wishes to all the faculty members and technical staff of the College of Horticulture who contributed tirelessly to the success of this booklet. I fervently hope they will continue with their exemplary contributions to future events as well.

Let us all gain knowledge from each other and progress together!

CHAPTER I

INTRODUCTION

ALUMNI

The word ‘Alumnus’ (plural: Alumni) originates from Latin, meaning “foster child” or “nourished one.” It refers to former students who have graduated from a particular institution. They are lifelong members of the academic family of their college or university.

What is an Alumni Association?

An Alumni Association is a formal organization of passed-out students who maintain a connection with their college.

It acts as a bridge between past students, present students and faculty.

The association helps in personal, academic and institutional development.

“An alumni association keeps alive the spirit of belonging, friendship and gratitude towards the alma mater.”

Objectives of Alumni Association

- To maintain a lifelong relationship between alumni and the institution.
- To create a platform for networking professional, social and academic.
- To assist students in career guidance, internships, placements and entrepreneurship.
- To promote institutional development through donations, ideas and collaborations.
- To celebrate alumni success and recognize outstanding contributions.
- To preserve the heritage and goodwill of the college.
- To promote horticultural awareness and community service through joint activities.

STEPS OF FORMATION

Registration

The association is registered under the Societies Registration Act or Charitable Trust Act.

Example College of Horticulture Alumni Association (COHAA), Kerala Agricultural University, was registered in 2008.

Governing Body / Executive Committee

President, Vice-President, Secretary, Treasurer, Joint Secretary and Executive Members. Faculty Patron (usually Dean or Associate Dean).

Membership

All passed-out students automatically become eligible.
Life membership or annual membership options may exist.

Constitution & Bylaws

Defines aims, activities, meetings and election procedures.

Induction ceremony

Conducted once every year to introduce new members, report achievements and plan activities.

MAJOR ACTIVITIES OF ALUMNI ASSOCIATION

Role of alumni in institutional development

1. Curriculum Enrichment: Alumni provide feedback on syllabus and help update it according to industry needs.
2. Placement Support: Alumni working in government or private sectors help juniors secure internships or jobs.
3. Research Collaboration: Alumni in research institutions or industries collaborate on projects with their alma mater.
4. Infrastructure Development: Contributions towards laboratories, gardens, scholarships, or digital classrooms.
5. Brand Promotion: Alumni achievements enhance the reputation of the college nationally and internationally.

“A strong alumni network is the backbone of an institution’s legacy.”

Benefits of alumni association for students

- Exposure to real-world experiences and success stories.
- Guidance for higher studies and competitive exams.
- Support for internship, training and placement.
- Opportunity to join entrepreneurial ventures.
- Development of confidence and professional skills.
- Inspiration from alumni achievements and their journey.

Alumni Association Membership Benefits

The College of Horticulture is a vital part of Junagadh Agricultural University (JAU), located at the central campus in the heart of Junagadh, Gujarat State. In 2012, the college received approval under the name "Horticulture Wing at Junagadh" to further its endeavors. In the academic year 2012-13, the journey to confer the B.Sc. (Hons.) Horticulture degree commenced, with 50 students taking the first step towards this educational pursuit. During a distinct transformation, the Horticulture wing received a significant upgrade and was officially designated as the College of Horticulture. This important decision was made based on the suggestions put forth during the 40th Academic Council meeting and subsequently endorsed during the 45th Board of Management meeting, both of which took place on May 1, 2017. Approval was granted to establish departments across disparate disciplines during the 46th meeting of the Board of Management on September 8, 2017.

The College of Horticulture serves as a leading institution for higher learning in the horticulture field. Its primary objective is to develop a new generation of experts, scientists, business leaders and competent graduates and postgraduates who can provide essential support for farmers, whether through direct assistance or indirect means. The institution's mission is not only to improve the financial and social conditions of farmers but also to instil a deep understanding of horticulture in its student body. At the same time, the college plays a critical role in reshaping the state's horticultural sector. Under the direct supervision of Junagadh Agricultural University in Junagadh (SAU), this college is responsible for providing horticultural education, as well as conducting research and extension services.

Stepping stones of the college

1. The college was sanctioned as the "Establishment of Horticulture Wing at Junagadh" on 19th April 2012.
2. It is the first government institute for education in the horticulture sector in the Saurashtra region of Junagadh Agricultural University, Junagadh.

3. The horticulture wing was declared as the College of Horticulture on 1st May 2017.
4. Various departments of different disciplines were also approved on 8th September 2017.
5. Postgraduate programs, including PG and Ph.D., in disciplines such as Fruit Science, Floriculture and Vegetable Science were transferred from the College of Agriculture to the College of Horticulture in 2019. The College of Horticulture was formally separated from the College of Agriculture and started work independently from 1st April, 2022.
6. The college is accredited two times by PRT, ICAR, New Delhi, during the years 2019 and 2022.
7. The college was started with already established horticultural farms like Sakkarbag, Lalbag, Madhadi bag, Jambuvadi & Khengarvav, which together have fruit orchards covering 55 hectares of land.
8. Full-fledged nurseries are available at various horticultural farms, which are useful for the practical classes of the students. Also available of different types of greenhouse units.
9. The required facilities, including the college building, multi-purpose smart classrooms, library, laboratories, computer lab, conference hall, auditorium, educational museum, crop cafeteria, hostels for boys and girls, gymnasium and sports ground were also developed before the start of the college.
10. The course curriculum was also modified and implemented as per the guidelines of the 5th Deans' Committee of ICAR from the academic year 2016-17 and as per BSMA in PG and Ph.D. programs from the academic year 2022.
11. The course curriculum as per the guidelines of the 6th Deans' Committee from ICAR was modified and implemented from the academic year 2024-25 for UG programme.

Mandate and Objectives

The prime mandate of the College of Horticulture, Junagadh is to impart education in the applied field of Horticultural sciences coupled with research and extension activities. The specific objectives of the College are as under:

Mission: The College is committed to providing horticulture education to UG & PG students, horticulture research and transfer of technology to reach the needs of stakeholders.

Goals: To develop human resources in the horticulture field to serve society.

Objectives:

1. To provide undergraduate/post-graduation education in horticulture faculty leading to Bachelor /Masters/ Ph.D. degree in Horticulture.
2. To implement recommendations of the Deans' Committee Report of ICAR in terms of course content, credit requirement, examination system and guidelines for undergraduate education.
3. To strengthen various laboratories with modern scientific equipment as per revised course curricula, the library on scientific lines, redesigning the course content, ensuring adequacy in practical exposure in the field of horticulture.
4. To strengthen the faculties and manpower in the college and to ensure proper placement of undergraduate students of the college.
5. To introduce relevant vocational and professional courses related to horticulture discipline.
6. To provide integrated horticulture education at all levels to develop efficiency and effectiveness in skill, attitude and knowledge among the students and to provide necessary placement support to the students.
7. To carry out the extension activities for the benefit of students, farmers and farmwomen.

CHAPTER II

COH ALUMNI ASSOCIATION

INTRODUCTION

College of Horticulture was established in the year 2012 at Junagadh Agricultural University, Junagadh as per the directives of the Government of Gujarat. So far, 10 batches of College of Horticulture have obtained their degrees from this college and have been placed successfully in different areas related to horticulture in India as well as in many developed countries.

After completing education, students move on to various parts of the world to pursue their careers. However, they often carry a strong emotional connection with their alma mater (the educational institution from which they graduated). To maintain this lifelong bond and platform for continuous interaction through Alumni Associations.

Alumni helps to connect with each other and with the college. Offers a professional network that can help in career growth, collaborations, or business opportunities. Alumni can mentor current students and support the institution with knowledge, guidance, or resources. Organizes reunions, seminars, conventions, and social gatherings. Keeps everyone updated with news about other alumni, upcoming events, and developments in the college. Alumni often contribute to the growth of their alma mater through donations, scholarships, or knowledge-sharing. A first Alumni meet was organized on the occasion of the Annual day on 9th June, 2023.

HEAD QUARTER

The head quarter of the Association is at Junagadh
COH Alumni Association,
C/o: College of Horticulture,
Junagadh Agricultural University,
Junagadh.

CONSTITUTION BY LAWS AND REGULATIONS

Memorandum of Association

Name and address of the trust

CoH Alumni Association
Junagadh Agricultural University, Junagadh,
Taluka & District: Junagadh, Gujarat, India

Area of operation

The area of operation of the trust shall be the entire country of India.

Objectives of the trust

The objectives of the Trust shall be as follows and shall operate subject to the prevailing laws.

1. To provide a platform for scientists, teachers, farmers and students associated with the development of horticulture to discuss emerging issues in horticultural farming and to promote the dissemination and practical use of research findings considering changing circumstances.
2. To publish research related to horticultural crops such as fruit crops, vegetable crops, flower crops, medicinal crops, etc., through various media such as daily, monthly and annual publications and to disseminate this knowledge through different extension activities.
3. To recognize and reward outstanding contributions in the field of horticulture by honouring individuals with awards, medals and recognitions in various categories.
4. To encourage research in horticulture and allied subjects and to provide support for such research activities at various places.
5. To organize sports activities at the College of Horticulture level and to encourage participation, particularly of female students, by arranging sports competitions and distributing prizes as incentives.
6. To organize seminars, memorial lectures, discussions and group discussions on research and educational topics at national and state levels for the development of students of the College of Horticulture.
7. To provide assistance to meritorious students and to support poor and needy students by offering scholarships, paying fees and providing books, uniforms, notebooks and other educational materials.
8. To undertake public projects related to horticulture and agriculture initiated by the Government and to work for national development, social service and public welfare and to deliver such benefits to society.
9. To create necessary infrastructural facilities for conducting and managing the activities of the Association.
10. To raise funds for running the activities of the Association and to accept donations and deposits.
11. To provide financial assistance for social and educational activities aimed at the welfare and development of the Association members and the students of the College.
12. To appoint individuals as required in accordance with the prescribed procedures for the smooth functioning of the Association.
13. To organize cleanliness drives and social awareness programs.

14. To promote social awareness about tree plantation, encourage people to plant trees, undertake plantation at public places, spread awareness about the benefits of tree planting and attempt beautification and revival of dying trees.
15. To provide all necessary assistance and facilities to people affected during natural calamities such as heavy rainfall, floods, cyclones, earthquakes, epidemics and droughts.

RULES AND REGULATIONS

Name of the trust

CoH Alumni Association, J.A.U., Junagadh

Address of the trust

College of Horticulture,
Junagadh Agricultural University,
Junagadh, Taluka & District: Junagadh, Gujarat, India.

Members and their categories

There shall be two types of members: Life Members and Annual Members.

(a) Life Membership

Students of the College of Horticulture who have obtained at least one degree (Undergraduate or Postgraduate) shall be eligible for life membership. A membership fee of Rs. 200 shall be payable to obtain life membership.

(b) Teacher Members

Teachers working in the College of Horticulture shall be eligible for membership of the Association. By paying a membership fee of Rs. 500, they can obtain Life Teacher Membership.

Note:

If any member of the Managing Committee passes away, resigns, fails to pay the membership fee on time or acts against the interest of the trust, their membership shall be terminated under all such circumstances.

Sources of income

The sources of income of the trust shall include:

Donations, gifts, funds, contributions, membership fees, charity shows, government assistance, foreign aid, grants, income from activities, etc.

Financial year

The financial year of the institution shall be from 1st April to 31st March as per the financial year followed in India.

Duties and powers of the general body

The body consisting of all members mentioned in Clause (3) shall be called the General Body. The General Body meeting shall be held once every year within six months after the completion of the financial year.

1. The annual report submitted by the Executive Committee shall be approved by the General Body. The annual budget shall also be approved and the Executive Committee shall be authorized to incur expenditure accordingly. The General Body shall elect or appoint the Executive Committee by majority.
2. The General Body shall review and decide upon the matters placed before it by the Executive Committee.
3. A special General Body meeting may be convened if necessary. Members shall be informed at least five days in advance of such meeting.
4. One-third of the total members or 10 members, whichever is less, shall constitute the quorum. If quorum is not present, the meeting shall be adjourned and reconvened at the same place after one hour and no quorum shall be required in the reconvened meeting. Only agenda items mentioned shall be discussed in a non-quorum meeting.

Executive Committee – Composition and Appointment

The General Body shall appoint an Executive Committee consisting of a minimum of 9 and a maximum of 15 members every five years by majority vote. The term of the committee shall be five years.

The Executive Committee shall elect from among its members:

- President
- Secretary
- Treasurer

If any position in the Executive Committee becomes vacant during the tenure, the committee may fill the vacancy by majority vote for the remaining period.

Duties and powers of the executive committee

1. Any member remaining absent for three consecutive meetings or acting against the interest of the Association may be removed after giving an opportunity for explanation.
2. The Executive Committee shall hold at least one meeting every three months for necessary administrative work. The committee may purchase, sell, exchange, mortgage, gift, lease or otherwise deal with the immovable property of the Trust in accordance with the provisions of the Bombay Public Trust Act, 1950, Section 36, with majority approval.
3. The committee may appoint sub-committees whenever necessary and supervise their functioning and review their reports.
4. At least five days' prior notice shall be given for meetings of the Executive Committee unless otherwise decided by the committee.
5. Half of the committee members (50%) shall constitute quorum. If quorum is not present, the meeting shall be adjourned and reconvened after one hour at the same place, where quorum will not be required. Only agenda items mentioned shall be taken up.

Duties and powers of office bearers

(a) President

The President shall preside over all meetings and ensure that the work of the Association is conducted smoothly and according to rules. The President shall convene meetings of the Executive Committee, General Body and Special General Body when necessary, supervise the activities of the Association throughout the year and provide guidance and advice. The President may sign certified copies of records and exercise a casting vote in case of a tie. The President may decide appropriate remuneration for employees of the Association.

(b) Secretary

With the consent of the President, the Secretary shall convene General Body, Special General Body and Executive Committee meetings. The Secretary shall record minutes in the minute book, implement resolutions, carry out correspondence, prepare the annual report and budget estimates and present them before the Executive Committee. The Secretary shall maintain records and registers including members' names and addresses.

(c) Treasurer

The Treasurer shall maintain proper accounts of the Association, preserve financial records, issue receipts for all income, maintain records of membership fees and expenditures, keep registers of movable and immovable properties, verify assets annually and arrange for the annual audit of accounts.

Financial management

All funds and properties of the Association shall belong to the Association. No individual member shall claim personal ownership over them. Financial transactions shall be carried out through joint signatures of any two among the President, Secretary and Treasurer, including the President's signature. All funds shall be deposited in a nationalized bank.

Amendments

Any amendment in the rules, regulations or the Memorandum of Association shall be made in accordance with the provisions of the Societies Registration Act, 1860 and relevant rules.

Dissolution of the Association

The Trust shall be irrevocable and cannot be dissolved ordinarily. If dissolution becomes unavoidable due to special circumstances, no property of the Trust shall be distributed among founders, trustees, donors or members. After clearing all liabilities, the remaining assets shall be transferred to another trust or institution with similar objectives, with the prior approval of the Charity Commissioner as per the provisions of the Bombay Public Trust Act, 1950.

Objectives

1. To promote the best interest of the alumni and to enable them to keep in touch with the institute and to have socio- professional links with each other.
2. To provide a forum for the alumni so as to engage in such academic and social activities as contributes towards promoting liaison between the alumni and the college.
3. To organize the welfare activities for the benefit of the alumni and to disseminate technical expertise for information & entrepreneurial development among the alumni.
4. To organize training camps, coaching camps, technical seminars etc.

5. To provide the support for the growth and development of the profession, college and students.
6. To provide financial assistance to poor students.
7. To work for the welfare of the youth.
8. To help all the people facing natural or man-made calamities.
9. To begin and run the libraries, sport clubs as well as training classes for the bright future of the student. To work for the villages and environment.

Membership

Every person receiving a minimum one degree from CoH under JAU, shall be a member of the Association on payment of life membership fees.

Membership shall also, on payment of membership fees, be open to the teachers/technical staff of the college. Any other person connected with the institute taking active interest in Alumni Association may, in recommendation of the executive committee be declared member of the Association. The executive committee shall decide such individually.

Membership Fees

Rs. 200/- (Rupees Two Hundred only) for Indian Resident, \$ 50/- (fifty US dollars only) for Non Resident Indian (The membership fees will be non-refundable).

Conventions organized by the association

1. First convention : 09/06/2023

First Alumni Meet of College of Horticulture, J.A.U., Junagadh was organized on 09/06/2023. In this program, Dr. N. K. Gontiya, Hon'ble VC, J.A.U., Junagadh, Dr. P. M. Chauhan, Registrar, J. A. U., Junagadh, Dr. S. G. Savliya, Principal and Dean, CoA., J. A. U., Junagadh, Dr. R. M. Solanki, Director Student Welfare, J.A.U., Junagadh, Dr. C. D. Lakhlani, Principal and Dean, P.G.A.B.I.M., J.A.U., Junagadh, Dr. D. K. Varu, Principal and Dean, CoH., J. A. U., Junagadh and Mr. Rupen Balda, Green Agri Tech. Ahmedabad were remaining present. Dr. D. K. Varu, Principal and Dean started the program with a welcome speech; they welcomed the alumni and this College also remained present in this program and wished the graduating students well. Apart from this, He also thanked the former students who had attended the first Alumni meet. After that, the guests were welcomed with kokedama specially prepared by the students and the program was inaugurated by lighting the lamp. Dr. C. D. Lakhlani, made students aware of the opportunities to become entrepreneurs in horticulture. Dr. P. M. Chauhan, Registrar, J.A.U., Junagadh, also spoke about value and importance of parents, gurus and friends. Chairman of the program, Dr. N. K. Gontiya, explained the importance of education in life to the students. Alumni candidates have given their experience about college of horticulture and placement of Job. At the end of the program, Prof. H. V. Vasava, Assistant professor CoH., J.A.U., Junagadh gave vote of thanks to all dignitaries and alumni.

CHAPTER III

ROLE OF ALUMNI

The Role of Alumni: How universities can stay connected and engaged

Awards and accolades, placement record, industry network are all strong USPs of universities. But the true testament for their academic excellence and holistic development is the strength of its alumni network, their success stories. Alumni, who carve a niche for themselves in the professional sphere, are not only glorious global ambassadors for their alma mater, but their valuable assets too. And leveraging this vital asset can bring rich rewards for the institution of higher learning and its students.

Alumni are the only stakeholders you cannot exchange. You might lose students, even faculty and ownership might change too, but alumni are there for a lifetime. This is a relationship that can be nourished and developed to provide mutual benefits and it can be an enduring one through the good times and bad. At COH our commitment to our students' success goes beyond their college years. We remain invested in the success of our alumni, who have been our cherished assets and bring tremendous benefits to the institution and the future leaders we shape.

Building a comprehensive alumni network requires strategic planning and management. It can then become one of the most important resources for universities offering some of these exceptional benefits.

- Alumni bring the wealth of knowledge from the world of practice, which can enhance any programme at a university. Their insights can be crucial in developing curriculum that is relevant to current industry trends.
- A university's alumni pool is its social capital in many ways as they enhance their reputation. When alumni take their rightful place in the industry or become entrepreneurs, they take the institution's brand far and wide.
- Alumni have been in students' shoes, often in the recent past and know their challenges, aspirations well. They can help the current student community at the university through talks, lectures, personal contact and mentorships.
- Alumni also pave the way for current students into organizations for placements. The performance of alumni in their respective organizations is a compelling reason for them to be campus recruiters in the future.

At COH alumni engagement is all year long and results in numerous activities that strengthen their bond with their alma mater. Over the years, our alumni have written their success stories all around the world and bring those insights and inspiration to our students. In fact, over 20 webinars with our global alumni professionals are held throughout the year to give our students the cutting edge advantage. Alumni guest lectures are an integral part of the learning experience at COH and offer the perfect platform for students to interact with them.

ALUMNI

Alumni are at the heart of every academic institution and represent the ongoing legacy and achievements of an educational institution. They form a bridge between the past, present and future and contribute significantly to shaping the cultural and academic landscape of their alma mater. In this article, we explore the multi-faceted world of alumni to shed light on their role, the value of alumni networks and the importance of alumni reunions and associations.

Alumni: Meaning and definition

"Alumni" are graduates of an educational institution who represent an important part of academic life and the community. The term itself comes from the Latin "alumnus", which means "pupil", "pupil" or "student". In the context of colleges and universities, "alumni" refers to all individuals who have successfully completed their education at the institution.

The definition of alumni includes not only former full-time students, but can also include part-time students, exchange students, or even those who have completed continuing education courses or professional development programs at the institution. Alumni play a vital role for the university by bringing their experience, knowledge and often financial support back to the academic community. They act as ambassadors for their alma mater in the wider community, helping to strengthen its reputation and standing.

In the modern educational landscape, the term "alumni" is often expanded to create a more inclusive community that includes not only graduates, but also former staff and faculty members. This expanded notion of alumni recognizes the diverse contributions that different members of the higher education community can make.

Alumni networks serve as platforms to connect this diverse group, foster the exchange of ideas and build lifelong relationships that benefit both individual alumni and the institution. Through events, reunions, publications and online platforms, alumni stay connected to their alma mater and contribute to a dynamic and supportive community that extends beyond campus boundaries.

The role of alumni networks

Alumni networks are essential components of educational institutions, providing a platform for former students to stay in touch, support each other and stay connected to their alma mater. These networks play a diverse role in the lives of alumni and the institutions themselves.

Networking and career development

One of the main goals of alumni networks is to promote professional networking. Alumni can make connections through events, online forums and face-to-face meetings that can be of great value to their career development. These networks provide a platform to share experiences, receive professional advice and possibly even discover new job opportunities.

Mentorship and support

Many alumni networks establish mentorship programs in which experienced alumni pass on their knowledge and experience to current students or younger alumni. These relationships can be a valuable resource for career guidance and personal development, helping to ease the transition from academia to professional life.

Commitment and philanthropy

Alumni networks often encourage engagement and philanthropic activities. Former students can get involved by making donations, funding scholarships or supporting research projects and infrastructure initiatives at their university. These contributions are critical to the development of the institution and the creation of new opportunities for current and future generations of students.

Lifelong learning

Many alumni networks offer continuing education opportunities, workshops and seminars that allow alumni to expand their skills and keep up with current developments in their field. This commitment to lifelong learning strengthens the bond between alumni and their alma mater and promotes a culture of continuous improvement and knowledge sharing.

Cultural and social events

In addition to professional and academic activities, alumni networks also organize cultural and social events such as class reunions, anniversaries and informal gatherings. These events provide an opportunity to renew old friendships, share memories and celebrate their time together at the university.

Overall, alumni networks strengthen the community of former students and actively involve them in the life of their alma mater. They create a supportive environment that promotes the personal and professional success of their members while making a valuable contribution to the development of the educational institution.

Alumni meeting: Purpose and importance

Alumni reunions are important events organized by educational institutions or alumni associations to bring former students together. These events can take a variety of forms, from informal gatherings to large, formal reunions and serve several important purposes in the lives of alumni and their alma mater.

Purpose of alumni meetings

Networking: Alumni gatherings provide an excellent opportunity for former students to expand or strengthen their professional and personal network. You can connect with like-minded people who share similar academic and professional experiences.

Exchange of experiences: These meetings enable the exchange of experiences, knowledge and insights that can be valuable for both the personal and professional development of alumni.

Alumni reunions: Strengthen the emotional connection of former students to their educational institution. They foster a sense of belonging and pride in the shared academic past.

Support for current students: Alumni meetings often also serve to present projects or initiatives that support current students. Alumni can make a direct contribution through mentoring, scholarships or career advice.

Celebrating achievements: Alumni reunions are also a celebration of the individual and collective successes of former students. They provide a platform to share professional successes and recognize shared accomplishments.

Importance of alumni meetings

Alumni reunions are more than just social gatherings; they are an essential part of the lifelong engagement between alumni and their alma mater. They promote the ongoing exchange of knowledge and experience, support professional development and strengthen a sense of community. For educational institutions, these reunions are an opportunity to cultivate relationships with their graduates and inform them about current developments and successes of the institution. Alumni reunions thus help to create a vibrant, supportive and engaged alumni community that lasts for generations.

Alumni associations: Goals and activities

Alumni associations are organized groups that represent and promote the interests and commitment of former students of an educational institution. They serve

as a link between alumni and their alma mater and play a crucial role in shaping an active and supportive alumni community.

Goals of alumni associations

Promote networking: One of the main aims of alumni associations is to provide a platform for professional and social networking. They organize events and meetings that facilitate the exchange between alumni from different years and departments.

Supporting current students: Alumni associations are often committed to supporting the next generation of students. This can be through mentoring programs, providing scholarships or organizing career fairs and lectures.

Promote lifelong learning: Many associations offer continuing education programs, workshops and seminars to provide members with opportunities for personal and professional growth.

Commitment to the alma mater: Alumni associations work closely with their educational institution to support its goals and projects. This can be done through fundraising activities, promoting research initiatives or strengthening the institutional reputation.

Activities of alumni associations

Organization of events: Alumni associations regularly organize events such as annual meetings, networking events, lecture series and cultural activities that promote cohesion and exchange among members.

Provision of resources: Many associations offer their members access to resources such as career advice, online platforms for job offers and specialist training opportunities.

Philanthropic initiatives: Alumni associations often initiate and support philanthropic projects that benefit both the educational institution and the broader community.

Communication and information: Through regular newsletters, websites and social media, alumni associations keep their members informed about current developments, successes and opportunities within the alumni community and the alma mater.

Alumni associations are therefore an important pillar of alumni work and make a significant contribution to creating a lively, committed and supportive community that lasts beyond their time at the university.

Advantages of participating in an alumni network

Participation in an alumni network offers numerous benefits that go far beyond the purely professional aspect. These networks are not only platforms for career development, but also for personal growth and a lasting connection with the alma mater.

1. **Professional opportunities:** Alumni networks provide access to a wide range of career opportunities. They provide valuable contacts that can be crucial to a professional career, including job offers, business opportunities and professional partnerships.
2. **Personal development:** Often these networks offer workshops, seminars and continuing education programs tailored to the needs of alumni. Such lifelong learning opportunities support the continuous expansion of your skills.
3. **Mentoring and support:** Many alumni networks have mentoring programs that allow experienced alumni to share their knowledge and experience with current students or younger alumni, which is valuable for their development.
4. **Access to resources:** As a member of an alumni network, you will often gain access to exclusive university resources, such as libraries and career services, which will be available to you even after you graduate.
5. **Sense of community:** Being part of a network fosters a sense of belonging to the academic community. Events and meetings offer the opportunity to maintain old friendships and make new ones, as well as strengthen your connection to your alma mater.
6. **Contribution to your alma mater:** As an alumni, you have the unique opportunity to contribute to the development and growth of your university, whether through philanthropic support, involvement on advisory boards or support of current students.

Active participation in an alumni network not only enriches your personal and professional life, but also strengthens the entire academic community and contributes to the ongoing development of the educational institution.

CHAPTER VII

SUCCESS STORIES

1. Success Story of a Young Entrepreneur

Karamata Jayesh Balubhai

Mr. **Karamata Jayesh Balubhai**, an alumnus of the **College of Horticulture (Pass out Batch 2017)**, has successfully established himself as a young entrepreneur through his agri-business venture, **Dharati Agro Center**, located at **Kesod, Gujarat**. With a strong academic background and practical exposure gained during his studies, he ventured into the field of **agri-input marketing** with a clear objective of serving the farming community.

Initially started as a small agro-input outlet, **Dharati Agro Center** gradually developed into a reliable and well-recognized center for quality seeds, fertilizers, pesticides, and other agricultural inputs. His farmer-friendly approach, timely supply of inputs, and practical field-based guidance earned him the trust of farmers and helped establish long-term relationships.

At present, **Dharati Agro Center** achieves an impressive **annual turnover of ₹35–40 lakhs**, reflecting Mr. Jayesh's dedication, entrepreneurial skills, and sound market understanding. His journey highlights how young horticultural graduates can become **job creators rather than job seekers**, contributing significantly to agricultural development and rural prosperity.

By combining professional training, innovative thinking, and a service-oriented mindset, **Mr. Karamata Jayesh Balubhai** has emerged as an **inspiring role model for aspiring** entrepreneur, demonstrating that determination and proper guidance can lead to sustainable success in agribusiness.

2. Success Story of a Young Entrepreneur :

Baldha Rupin Rameshbhai

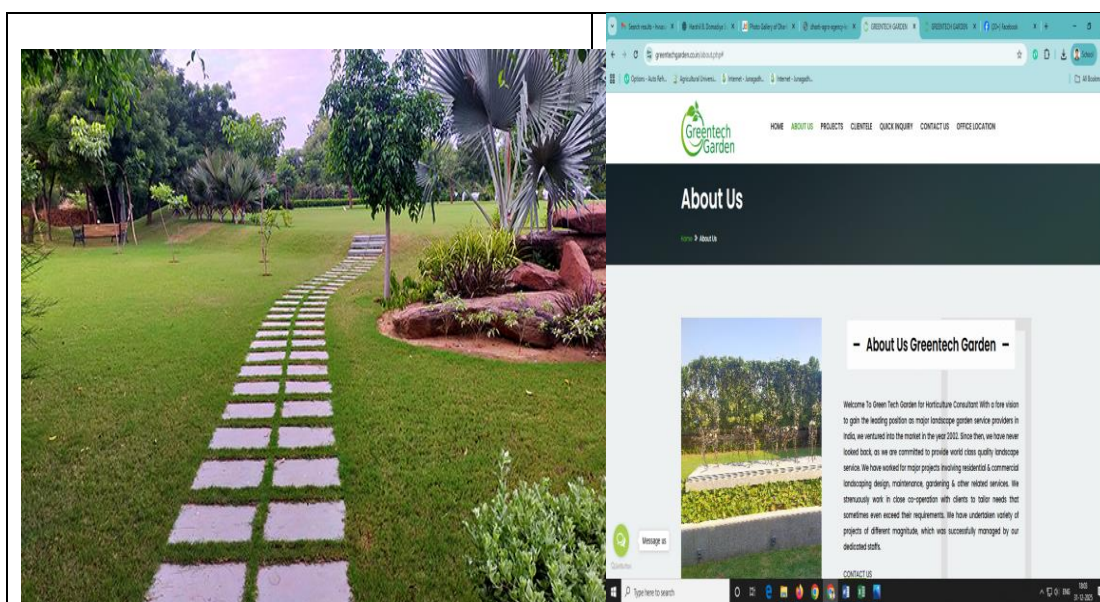

Mr. Baldha Rupin Rameshbhai, an alumnus of the **College of Horticulture (Pass out Batch 2018)**, has established himself as a successful entrepreneur in the field of **landscaping and gardening services**. With a strong foundation in horticultural science and a passion for green infrastructure, he founded **Greentech Garden Pvt. Ltd.**, a professionally managed enterprise specializing in landscaping and garden development.

What began as a small initiative has grown into a reputed company providing comprehensive solutions in landscape design, garden maintenance, lawn development, and green space management. Rupin's emphasis on quality execution, aesthetic planning, and sustainable horticultural practices has earned him the trust of clients across residential, commercial, and institutional sectors. His ability to apply scientific horticultural knowledge to real-world landscaping challenges has been a key factor in the rapid growth of his enterprise.

Today, **Greentech Garden Pvt. Ltd.** records an impressive **annual turnover of approximately ₹1.5 crore**, reflecting Rupin's entrepreneurial vision, technical expertise, and effective business management. His journey clearly demonstrates how horticulture graduates can successfully explore diversified career opportunities beyond conventional farming.

By integrating professional training, innovation, and market-oriented services, **Mr. Baldha Rupin Rameshbhai** has emerged as a **role model for young horticulture graduates and aspiring agripreneurs**, proving that dedication, creativity, and proper guidance can transform passion into a highly successful enterprise.

3. Success Story of a Young Entrepreneur :

Mendapara Chetan Kanjibhai

Mr. Mendapara Chetan Kanjibhai, CEO and Founder of **The Mango Mart Pvt. Ltd.**, has made remarkable strides in the mango processing and marketing industry. With a Bachelor's degree Batch 2020 in Horticulture from Junagadh Agricultural University and currently pursuing his Master's in Post-Harvest Technology at Navsari Agricultural University, Chetan combines academic expertise with a deep passion for agricultural innovation.

Hailing from a farmer's family in Gir Somnath, Gujarat, Chetan started his entrepreneurial journey by establishing The Mango Mart in 2020 at Evergreen Farm, Jashapur Gir. The enterprise focuses on wholesale and retail production and sale of fresh mangoes, alongside an impressive range of processed mango products, including mango pulp, ripe mango powder, mango nectar, juice, syrup, freeze-dried mango cubes, mango seed kernel powder and aam churan.

India is the world's largest producer of mangoes and Gujarat's famous 'Gir Kesar' mango holds a prestigious GI tag. Despite the high production, post-harvest losses in mangoes can reach up to 30%. Recognizing this challenge, Chetan's venture adds value through innovative processing techniques, turning mango pulp preservation into a sustainable solution, thereby reducing wastage and boosting farmers' incomes.

Starting with a startup investment of ₹4,52,000, Chetan's business has shown impressive growth with first-year income of ₹2,50,000 and projected profits reaching ₹1 Cr per year after two years. The Mango Mart operates both online and offline, delivering fresh A-grade Kesar mangoes and processed products across Gujarat, with plans underway to expand into export markets. Export now vegetables and flower also in foreign countries.

Chetan attributes his success to the entrepreneurship and business management training provided by Junagadh Agricultural University under the ICAR-NAHEP-IDP program. These programs equipped him with vital skills in market analysis, communication and business development, enabling him to transform his agricultural background into a flourishing agribusiness.

Today, Mendapara Chetan Kanjibhai stands as a shining example of how scientific knowledge, innovation and dedication can empower young entrepreneur to create sustainable livelihoods, reduce post-harvest losses and contribute to the growth of India's mango industry.

4. Success Story of a Young Entrepreneur :

Krunal Dudhagara

Mr. Krunal Dudhagara, a proud graduate of the **2022 batch of B.Sc. (Hons.) Horticulture, College of Horticulture, Junagadh Agricultural University**, has emerged as one of the shining examples of how education in agriculture can translate into global entrepreneurship.

During his academic journey, Krunal actively engaged in practical training, particularly in **crop production, post-harvest management and sustainable practices**. These experiences did not just shape his skills—they sparked his vision to connect local farmers with international markets.

Fuelled by this aspiration, Krunal established **Ansuya Impex**, an export-oriented company dealing in fresh fruits, vegetables and value-added agro-products. With determination and strategic planning, he built strong farmer networks, ensured adherence to international quality standards and steadily expanded into **global markets across the Middle East and Europe**.

What began as a small venture soon transformed into a flourishing enterprise. Today, **Ansuya Impex achieves an annual income of ₹35–40 lakhs**, while also generating employment for rural youth and uplifting farming communities in Gujarat.

Krunal credits his success to the **guidance of his faculty mentors** and the supportive entrepreneurial ecosystem at JAU. His journey is a clear reminder that with the right blend of academic knowledge, innovation and persistence, young horticulture graduates can become **pioneers of agribusiness on the world stage**.

By turning opportunity into achievement, Krunal Dudhagara continues to inspire many, showing that education is not just about learning—it is about **transforming ideas into impactful ventures**.

5. Success Story of a Young Entrepreneur :

Harshil B. Domadiya

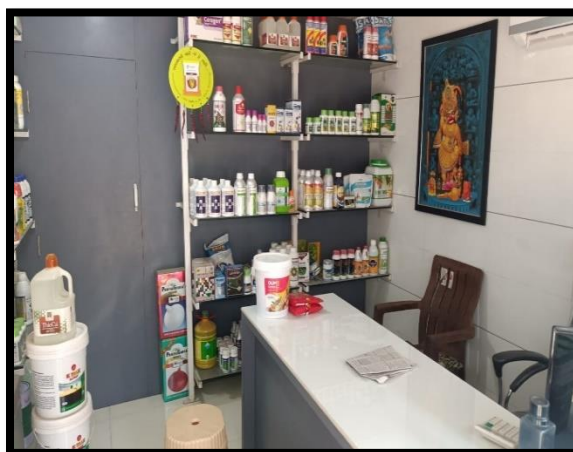

Mr. Harshil B. Domadiya, an alumnus of the **College of Horticulture, Batch 2022**, has carved a niche for himself in the agribusiness sector. With a strong academic foundation and the entrepreneurial spirit nurtured during his student days, Harshil ventured into agri-input marketing by establishing his own enterprise, **Vaibhav Agro Seeds**, at Jetpur, Gujarat.

What started as a modest initiative soon flourished into a trusted center for quality seeds and agri-inputs. Farmers appreciated his **reliable products, timely service and farmer-friendly approach**, which helped him build long-term relationships within the farming community. His ability to blend scientific knowledge with practical solutions has been the key to his growing success.

Today, Vaibhav Agro Seeds records an impressive **annual turnover of ₹40–50 lakhs**, reflecting the dedication, vision and hard work Harshil has put into his venture. His journey is a testament to how young graduates can become **job creators rather than job seekers**, contributing to both rural prosperity and agricultural development.

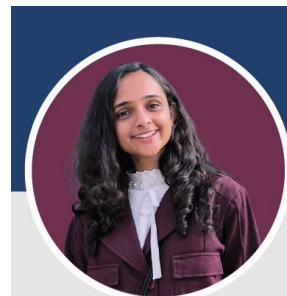

By combining professional training, innovative thinking and strong market understanding, Harshil has emerged as a role model for aspiring agripreneurs, proving that determination and the right guidance can turn opportunities into achievements.

6. Success Story of a Young Entrepreneur:

Yashvi Aghara

Ms. Yashvi Aghara, a 2025 graduate of the College of Horticulture, Junagadh Agricultural University, represents a new generation of agri-entrepreneurs who are blending technology, creativity and agricultural science to inspire youth towards innovative farming.

Hailing from **Morbi, Gujarat**, Yashvi is a passionate horticulturist, content creator and startup leader dedicated to promoting modern agricultural practices and agribusiness innovations. With strong skills in **communication, leadership and problem-solving**, she has successfully built a digital platform that bridges the gap between farmers, students and Entrepreneur.

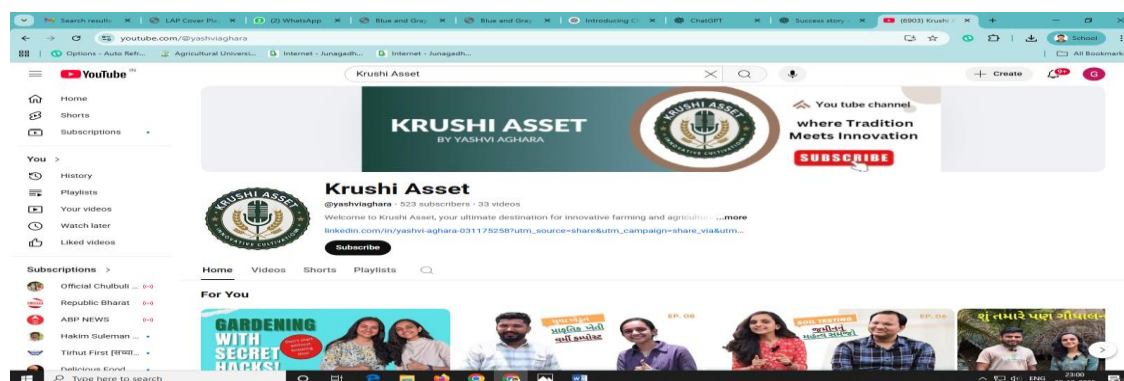

In **August 2024**, Yashvi launched her YouTube channel “**Krushhi Asset**,” where she creates and edits educational videos showcasing innovative agricultural practices, agri-startups and emerging trends in the horticulture sector. Through engaging content and live podcasts, she connects with agri-entrepreneurs, researchers and progressive farmers, making agriculture more accessible and aspirational for young minds. Her channel not only spreads awareness but also generates income through digital media — a remarkable example of combining knowledge and entrepreneurship.

During her academic journey, Yashvi also demonstrated exceptional leadership. As a **Team Leader** for the “*Phool Magic*” project under the Experiential Learning Programme (ELP) in 2024, she guided her team in creating and marketing **innovative dry flower products**. This experience enriched her understanding of product development, business management and teamwork.

Later, she joined **Agri Path Global** as a **Human Resource Intern (Sep–Nov 2024)**, where she gained hands-on experience in **talent acquisition and organizational development**, further sharpening her managerial skills.

Today, Yashvi Aghara stands as a **symbol of digital innovation in agriculture**. By integrating **science, storytelling and entrepreneurship**, she is inspiring a new generation of youth to view agriculture not just as a traditional occupation but as a **vibrant and profitable career path**. Her journey from a horticulture student to a successful agri-content creator and live podcaster exemplifies how creativity and technology can transform the future of Indian agriculture.

2. <https://www.youtube.com/watch?v=DK11Sr25OI>

7. Success Story of a Student Entrepreneur:

Kavisha Vakharia

Miss Kavisha a 2025 graduate of the College of Horticulture, Junagadh Agricultural University, is a shining example of how skill-based learning can translate into real-world success. Inspired by the activities and hands-on training received at the **Dry Flower Technology Unit**, she developed a keen interest in dry flower product design and marketing. During practical sessions, she learned various techniques such as silica gel drying, press drying and product assembly. Motivated by the overwhelming public response at the **Dry Flower Exhibition held at Sardar Patel Auditorium 21st December 2024**, she decided to start her own small venture from home.

Ms. Kavisha began creating customized dry flower products such as greeting cards, wall frames and potpourri. She promoted her creations through **Instagram and WhatsApp** and also sold her products through **local gift shops and exhibitions**. Her work was appreciated for its creativity, eco-friendliness and aesthetic appeal.

With the guidance from Honra'ble Vice Chancellor Sir and College of Horticulture she stepped into entrepreneurship through dry flower products.

8. Success Story of a Young Entrepreneur:

Kunj Jasoya

Vraj Panera

Der darshak

Kunj Jasoya, Vraj Panera and Der darshak

Kunj Jasoya, Vraj Panera, and Darshak Der, 2025 graduates of the College of Horticulture, Junagadh Agricultural University, have successfully established themselves as promising young entrepreneurs. With a strong academic background and a keen interest in value addition of horticultural produce, they jointly started **Delight Frozen Fruit**.

They ventured into the agro-processing sector by establishing a frozen fruit and fruit pulp unit at **Mendarda, Gujarat**. What began as a small-scale initiative has gradually transformed into a growing enterprise specializing in the processing and storage of fruits such as custard apple, mango, and sapota.

Their focus on maintaining high quality standards, hygiene, and proper storage techniques has earned the trust of both farmers and local buyers. By creating a reliable market for perishable fruits, they have not only reduced post-harvest losses but also ensured better returns for farmers.

Their innovative approach to processing and marketing has contributed significantly to their success. Today, their enterprise is steadily expanding, reflecting their dedication and entrepreneurial vision. Kunj, Vraj, and Darshak's journey highlights how value addition and processing can open new avenues in horticulture,

inspiring young graduates to explore agribusiness opportunities beyond traditional farming.

1. Ms. Rabadiya Sandhya Damodarbai (Batch 2016) – Canada

Ms. Rabadiya Sandhya Damodarbai, a proud alumna of the 2016 batch of the College of Horticulture, Junagadh Agricultural University, has successfully established herself in an international professional environment in Canada. Currently working as a Customer Service Representative at Majorel, Waterloo, she represents a remarkable example of adaptability, perseverance and global career readiness.

During her academic tenure at the college, Sandhya developed a strong foundation in horticultural sciences, along with essential soft skills such as communication, teamwork and problem-solving. The college played a crucial role in shaping her career through various student-centric initiatives. Regular **personality development programs, English communication classes and exposure to industry-oriented seminars** helped her gain confidence and prepare for international opportunities.

One of the most significant contributions of the college in her journey was the organization of **IELTS preparation sessions**, which enabled her to achieve the required language proficiency for studying and working abroad. In addition, the college's collaboration with international education consultants such as **IDP** provided her with proper guidance regarding application procedures, documentation and visa processes.

Sandhya actively participated in **overseas education awareness lectures**, where experts shared insights about global career opportunities, cultural adaptation and international job markets. These sessions broadened her perspective and motivated her to explore opportunities beyond India.

After completing her degree, she pursued her goal of moving abroad with determination and proper planning. Despite transitioning from a horticulture background to a customer service role, her strong communication skills, adaptability and professional attitude helped her succeed in a competitive global environment.

Her journey highlights that success is not limited to one field but is driven by **skills, confidence and willingness to learn**. Today, she serves as an inspiration to current students, demonstrating that with the right guidance and institutional support, it is possible to build a successful career internationally.

2. Mr. Shekhada Divyesh Arvindbhai (Batch 2016) – Australia

Mr. Shekhada Divyesh Arvindbhai, an alumnus of the 2016 batch, has achieved an esteemed position as a Biosecurity Inspector with the Department of Primary Industries and Regions, Government of South Australia. His success stands as a testament to the quality education and practical training provided by the College of Horticulture, Junagadh Agricultural University.

During his academic journey, Divyesh gained in-depth knowledge in plant protection, pest management and quarantine regulations—subjects that are directly relevant to his current role. The college ensured that students received not only theoretical understanding but also hands-on experience through **field visits, laboratory work and practical training programs**.

The institution also emphasized global exposure through **guest lectures by international experts**, which introduced students to advanced agricultural practices and biosecurity systems followed in developed countries. These sessions played a key role in shaping Divyesh's career aspirations.

To support students aiming for international careers, the college organized **IELTS coaching and mock tests**, helping Divyesh achieve a competitive score. Additionally, guidance from **IDP counseling sessions** helped him navigate the complex process of applying for opportunities abroad, including documentation and visa formalities.

Divyesh's strong academic base, combined with practical knowledge and international awareness, enabled him to secure a highly responsible government position in Australia. His role involves inspection and regulation to prevent the entry and spread of pests and diseases, which is critical for protecting Australia's agricultural economy.

His journey reflects how a solid educational foundation, combined with institutional support and personal determination, can lead to global career success. Today, he is not only contributing to international agriculture but also inspiring students to aim for prestigious roles worldwide.

3. Ms. Makani Jyoti Ashvinbhai (Batch 2019) – Germany

Ms. Makani Jyoti Ashvinbhai, a distinguished alumna of the 2019 batch, is currently pursuing higher studies at Humboldt University of Berlin, Germany—one of the world’s leading academic institutions. Her journey showcases academic excellence, dedication and the impact of global exposure provided by the College of Horticulture, JAU.

During her undergraduate studies, Jyoti consistently demonstrated strong academic performance and a keen interest in research. The college provided her with numerous opportunities to enhance her knowledge through **seminars, research projects and practical training**.

A major turning point in her career was her participation in **overseas education seminars and expert lectures**, where she gained insights into international universities, research opportunities and scholarship programs. These sessions motivated her to pursue higher education abroad.

The college’s **IELTS preparation program** played a crucial role in helping her achieve the required score for admission to a prestigious university in Germany. Furthermore, collaboration with **IDP consultants** ensured she received proper guidance for university selection, application procedures and visa documentation.

Jyoti also benefited from the college’s emphasis on **research-oriented learning**, which helped her develop analytical and scientific thinking skills. This prepared her to meet the academic standards of an international university.

Her success highlights the importance of institutional support, academic excellence and proper guidance in achieving global educational goals. Today, she is advancing her knowledge in horticultural sciences at an international level and contributing to research and innovation.

4. Mr. Akbari Bhavin Harsukhbhai (Batch 2020) – Africa

Mr. Akbari Bhavin Harsukhbhai, a graduate of the 2020 batch, has successfully established himself as a Farm Supervisor in Africa. His journey reflects the practical strength and field-oriented training provided by the College of Horticulture, Junagadh Agricultural University.

During his academic years, Bhavin gained extensive hands-on experience through **field training programs, internships and exposure visits**. The college emphasized practical learning, enabling students to understand real-world agricultural challenges.

He actively participated in **skill development programs and industry interactions**, which helped him build confidence and technical expertise. The college also organized **career guidance sessions and overseas awareness programs**, encouraging students to explore global opportunities.

Bhavin's practical knowledge in crop production, irrigation management and farm operations made him well-suited for international agricultural roles. His ability to adapt to different climatic conditions and farming systems helped him succeed in Africa.

His journey demonstrates the importance of **practical exposure and skill-based education** in building a successful career. Today, he is contributing to agricultural development in Africa and serves as an inspiration for students interested in global farming careers.

5. Mr. Lakhani Dharmik Mukeshbhai (Batch 2023) – Australia

Mr. Lakhani Dharmik Mukeshbhai, a dynamic graduate of the 2023 batch of the College of Horticulture, Junagadh Agricultural University, is currently pursuing higher studies at the Royal Melbourne Institute of Technology (RMIT), Australia. His journey from a dedicated horticulture student in India to an international scholar reflects determination, proper guidance and institutional support.

During his academic years, Dharmik showed a strong inclination toward advanced horticultural practices and sustainable agriculture. The college provided him with a solid academic foundation through well-structured coursework, practical field training and exposure to modern technologies such as protected cultivation and precision farming.

A significant factor in his success was the college's proactive approach to promoting global education. Dharmik actively participated in **overseas education awareness programs, expert lectures and career counseling sessions**, which broadened his understanding of international academic opportunities. These initiatives helped him identify suitable universities and courses aligned with his career goals.

The **IELTS preparation program conducted by the college** played a crucial role in enhancing his English language proficiency, enabling him to meet international admission requirements. Additionally, guidance provided through **IDP counseling sessions** helped him navigate the complex admission and visa processes smoothly.

Dharmik also benefited from **personality development and communication skill programs**, which boosted his confidence and prepared him for interacting in a multicultural academic environment. His ability to adapt and his strong academic background helped him secure admission to a reputed global institution like RMIT.

Today, he is gaining advanced knowledge and international exposure in horticultural sciences, which will enable him to contribute significantly to the agricultural sector. His journey serves as a motivating example for students aspiring to pursue higher education abroad.

6. Mr. Sanghani Devan Pravinbhai (Batch 2023) – Australia

Mr. Sanghani Devan Pravinbhai, also from the 2023 batch, is currently pursuing higher studies at the Royal Melbourne Institute of Technology (RMIT), Australia. His success story reflects the growing global outlook among students of the College of Horticulture, JAU.

During his undergraduate studies, Devan demonstrated a keen interest in horticultural innovation and sustainable crop production. The college provided him with extensive exposure through **practical training, field visits and laboratory work**, helping him build a strong technical foundation.

The institution's emphasis on **global exposure** played a significant role in shaping his career path. Through **overseas lectures and seminars conducted by international experts**, Devan gained valuable insights into global agricultural practices and research trends. These experiences inspired him to pursue higher studies abroad.

The college's **IELTS preparation support** helped him achieve the required language proficiency, while **IDP counseling sessions** guided him through university selection, application procedures and visa documentation. This structured support system made the transition to international education smoother and more accessible.

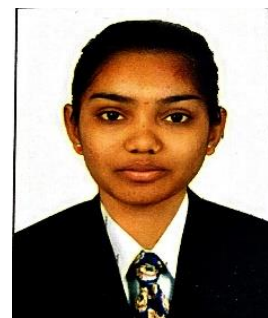

Devan also actively participated in **personality development programs**, which enhanced his communication skills and confidence—essential qualities for succeeding in an international environment. His dedication, combined with the college's support, enabled him to secure admission to RMIT.

His journey highlights the importance of institutional guidance and personal commitment in achieving global academic success. Today, he is gaining international exposure and advanced knowledge, which will help him contribute to the modernization of agriculture.

7. Ms. Kanani Himani Ratibhai (Batch 2023) – Germany

Ms. Kanani Himani Ratibhai, a talented alumna of the 2023 batch, is currently pursuing higher studies at Humboldt University of Berlin, Germany. Her journey reflects academic excellence, determination and the impact of structured guidance provided by the College of Horticulture, JAU.

Himani consistently performed well academically and showed a strong interest in research and innovation. The college provided her with numerous opportunities to enhance her knowledge through **research projects, seminars and practical training programs**.

A key factor in her success was her participation in **overseas education awareness programs and international expert lectures**, which helped her understand global education systems and opportunities. These sessions motivated her to aim for higher studies in a reputed international university.

The **IELTS preparation program organized by the college** was instrumental in helping her achieve the required language proficiency. Additionally, **IDP counseling support** guided her through the entire application and visa process, making her transition smooth and efficient.

Himani also benefited from **personality development and communication training**, which helped her adapt to a multicultural environment. Her strong academic foundation and research orientation enabled her to meet the high standards of a prestigious institution like Humboldt University.

Her success demonstrates how dedication, combined with proper institutional support, can open doors to global opportunities. She continues to excel in her academic journey and serves as an inspiration for future students.

8. Ms. Ayushi Ganeshe (Batch 2024) – Australia

Ms. Ayushi Ganeshe, a recent graduate from the 2024 batch, has successfully secured admission to Western Sydney University, Australia, for higher studies. Her achievement highlights the effectiveness of the career guidance and international support systems at the College of Horticulture, JAU.

During her academic journey, Ayushi actively participated in **various academic and extracurricular activities**, which helped her develop a well-rounded personality. The college provided her with strong theoretical knowledge as well as practical exposure through field training and research work.

The institution's efforts in promoting global education played a vital role in her success. She attended **overseas lectures, career counselling sessions and international education seminars**, which helped her understand the opportunities available abroad.

The **IELTS preparation program** conducted by the college significantly improved her English language skills, enabling her to meet the admission requirements of international universities. Additionally, guidance from **IDP counsellors** helped her with university selection, application procedures and visa processing.

Ayushi also benefited from **communication and personality development programs**, which prepared her to confidently interact in an international academic environment. Her determination and the college's support system helped her achieve her goal of studying abroad.

Her journey serves as a source of inspiration for current students, demonstrating that with proper guidance and dedication, international education is achievable.

9. Ms. Vanshika Balyan (Batch 2025) – Italy

Ms. Vanshika Balyan, a promising alumna of the 2025 batch, is currently pursuing International Horticultural Sciences at the University of Bologna, Italy. Her success reflects the growing international presence of students from the College of Horticulture, JAU.

During her academic years, Vanshika showed a strong interest in advanced horticultural studies and global agricultural practices. The college provided her with a solid academic base and opportunities for **practical learning, research and skill development**.

She actively participated in **international awareness programs and overseas lectures**, which helped her gain insights into global education systems. These experiences motivated her to pursue higher studies abroad.

The **IELTS preparation support** provided by the college was crucial in helping her achieve the required language proficiency. Furthermore, **IDP counselling sessions** guided her through the complex process of applying to international universities and obtaining a visa.

Vanshika also developed strong communication and interpersonal skills through **personality development programs**, which prepared her for a multicultural academic environment. Her academic excellence and determination enabled her to secure admission to a prestigious university like Bologna.

Her journey highlights the importance of institutional support, global exposure and personal dedication in achieving international success. She continues to excel in her studies and serves as an inspiration for future students aiming for global careers.

Father of India's Green Revolution

“
*If agriculture goes wrong,
nothing else will have
a chance to go right.*
”
— Dr. M. S. Swaminathan

Dr. M. S. Swaminathan firmly believed that agriculture was the foundation of national prosperity, food security, and sustainable development. Throughout his life, he inspired generations of students, scientists, and farmers through his vision of science-driven, farmer-centric agriculture.

His contributions to agricultural education, research, and rural development continue to motivate institutions dedicated to excellence in horticulture and agricultural sciences. His enduring legacy reminds us that knowledge, innovation, and service to farming communities are the true pillars of progress.
