

Department of Plant Pathology

Ph. D. Thesis Submitted (2020-2025)

Sr. No.	Thesis Title	Student Name	Advisor	Year
YEAR:-2020-21				
1	Pomegranate leaf and Fruit spot (<i>Colletotrichum gloeosporioides</i> (Penz) Penz. And Sacc. and <i>Alternaria alternata</i> (Fr.) and their management	Golkiya Bhargav B.	Dr. L. F. Akbari	Sept.-2020
2	Bio-Rotational management of Root Rot (<i>Macrophomina phaseolina</i> (Tassi) Goid) of Sesame. (<i>Sesamum indicum</i> L.)	U. M. Vyas	Dr. L. F. Akbari	Oct.-2020
2021-22				
1	Antracnose [<i>Colletotrichum lindemuthianum</i> (Sac. And Magnus) Briosi and Cavara] of Blackgram and its management	Sohaliya Nikunj Nanubhai	Dr. L. F. Akbari	Sept.2021
2	Anthracoese [<i>Colletotrichum lindemuthianum</i> (Sacc. and Magn.) Briosi and Cavara] of Greengram and its management.	Nandeesh C. V.	Dr. L. F. Akbari	Jan.2022
3	Powdery mildew (<i>Erysiphe cichoracerum</i> DC.) of sesame and its management	S. V. Undhad	Dr. L. F. Akbari	Feb.2022
4	Characterization of <i>Colletotrichum gloeosporioides</i> (Penz.) Penz. and Sacc. Causing Twister disease of Onion And its management.	Alpeshkumar Barad	Dr. L. F. Akbari	April.2022
5	Characterization of <i>Fusarium oxysporum</i> f. sp. <i>ricini</i> Nanda and Prasad causing Wilt of castor & its management.	A. H. Jadav	Dr. L. F. Akbari	July.2022
2022-23				
1	Leaf blight (<i>Alternaria macrospora</i> Zimm.) of Cotton and its management	Chaudhari Rameshkumar J.	Dr. D. S. Kelaiya	Oct.2022
2	Pathological aspects of wilt and Root rot complex in Chickpea (<i>Cicer arietinum</i> L.) and their management.	Bhaliya Chiragkumar M.	Dr. H. J. Kapadia	Feb.2023
3	Variability present among the isolates of <i>Sclerotium rolfsii</i> Sacc. Causing stem & pod rot of Groundnut in Saurashtra region of Gujarat & its management.	Babariya Vishruta D.	Dr. D. S. Kelaiya	July-2023
2023-24				
1	Characterization of <i>Macrophomina phaseolina</i> (Tassi) Goid causing root rot of groundnut & its management	Savaliya Vishal A.	Dr. J. R. Talaviya	July-2024
2024-25				
1	Characterization of cotton target spot disease <i>Corynespora cassicola</i> (Berk. & M. A. Curtis) C. T. Wei and its management	Davara Dharmesh Karshan	Dr. I. B. Kapadiya	Sept-2024

2	Molecular characterization and management of cumin wilt (<i>Fusarium oxysporum</i> f. sp. <i>cumini</i> Patel, Prashad, Mathur & Mathur)	Lathiya Sandipkumar Valjibhai	Dr. K. K. Kanzaria	Sept-2024
3	Molecular characterization and variability of <i>Alternaria burnsii</i> (Uppal, Patel & Kamat) causing blight of cumin and its management	Shekhada Hirenkumar Arvindbhai	Dr. D. S. Kelaiya	Jul-2025
4	Characterization of <i>Colletotrichum gloeosporioides</i> (Penz.) Penz. and Sacc. Causing Anthracnose disease in Mango And their management.	Ahir Vinu Ranabhai	Dr. K. K. Kanzaria	OCT-2025
5	Characterization and management of stem canker [<i>Macrophomina phaseolina</i> (Tassi) Goid] in pigeonpea	Chudasama Mitesh Khimjibhai	Dr. D. S. Kelaiya	OCT-2025
