Correlation analysis of NDVI with remote sensing-based vegetation indices for sesame crop monitoring. International Journal of Research in Agronomy. 9(4):258-262.

Research papers in National / International conference / seminar proceedings

1. Pandya P. A, H. D. Rank and Mashru H. H. (2020). High Discharge Drip Irrigation Design for Summer Season. Proceedings of the National Conference on Emerging Trends In Civil Engineering(ETCE-2020) organized during June 26 - 27, 2020. Pp. 243-250 by Department of Civil Engineering, K.L.E.F Deemed to be University, Guntur, India. (ISBN: 978-93-5406-364-0).
2. Parmar, H. V. and Gontia, N. K. (2020). Water Productivity Mapping using Surface Energy Balance Approach in Canal Irrigation Command. Souvenir cum Abstract Volume, ISRS-ISG National Symposium–2020-Online, Remote Sensing for Environment Monitoring and Climate Change Assessment: Opportunities and Challenges and Annual Conventions of Indian Society of Remote Sensing (ISRS) and Indian Society of Geomatics (ISG), SAC-ISRO, Ahmedabad, December 18 – 19, 2020. Pp-124.
3. Pandya, P A and Rank, H D. (2021). High Discharge Drip Irrigation Design for Summer Sesame. Proc. International E-Conference On Water Source Sustainability online on June 18-20, 2021 at Roorkee.
4. Sojitra M. A., Satasiya R. M., Chauhan P. M. and Rank H. D. (2022) Economics of Seedling Raising of Broccoli (*Brassica oleracea* L, var. *italica*) in Protected Structure in 31st National Conference On “Innovative resource management approaches for coastal and inland ecosystems to sustain productivity and climate resilience” on October13–15, 2022 Organized by Navsari Agricultural University, Navsari, Gujarat, India.
5. Sojitra M. A., Rank H. D. and Satasiya R. M. (2022) Modelling for yield response to deficit irrigation in Broccoli crop in natural ventilated net-cum-poly house in 56th ISAE convention on Agricultural Engineering Innovationfor Global Food Security Jointly organised by Indian Society of Agricultural Engineers New Delhi and Tamilnadu Agricultural University, Coimbatore during November 9 - 11, 2022.
6. Pandya, P.A., Prajapati, G.V., Vadalia, D.D. and Parmar S.H. (2024).Exploring the Relationship between Temperature Increase and WaterRequirement for Banana. In 31st National Conference on Paradigm andDynamics of Digital Horticulture for Food, Nutrition and Entrepreneurshiporganized by ASM Foundation and Junagadh

Agricultural University on May 28-31, 2024 held at JAU, Junagadh, Gujarat. Orally Presented.

7. Rank, H. D., Patel, R. J. and Rank, P. H. (2024). Lead lecture on Leveraging IoT and AI-Based Technologies for Precision Horticulture. In 31st National Conference on Paradigm and Dynamics of Digital Horticulture for Food, Nutrition and Entrepreneurship organized by ASM Foundation and Junagadh Agricultural University on May 28-31, 2024 held at JAU, Junagadh, Gujarat. Orally Presented.
8. Rank, P. H.*, Satasiya, R. M., Patel, R. J., Vekariya, P. B., Patel, K. C. (2024). Simulating the Water Productivity of Sweet Corn Crop by Aquacrop Model. In 31st National Conference on Paradigm and Dynamics of Digital Horticulture for Food, Nutrition and Entrepreneurship organized by ASM Foundation and Junagadh Agricultural University on May 28-31, 2024 held at JAU, Junagadh, Gujarat. Orally Presented.
9. Sojitra, M. A., Rank, H. D. and Satasiya, R. M. (2022). Modelling for yield response to deficit irrigation in broccoli crop in natural ventilated net-cum-poly house. In Proceedings of the 56th ISAE Convention on Agricultural Engineering Innovation for Global Food Security, Indian Society of Agricultural Engineers and Tamil Nadu Agricultural University, Coimbatore, November 9–11, 2022.
10. Hirapara J. G., Bhuva S. K., Prajapati G. V. and Pandya. P. A. (2025). Identification of Agricultural Drought and Climatic variability of Junagadh and Rajkot district under Saurashtra zone of Gujarat. In Trailblazing Trends on Sustainable Climate Resilient Precision Agriculture (pp. 262-274). Allied Publishers Pvt. Ltd.
11. Ingle P. M., Prajapati, G. V. and Prajakta L. (2025). Characterization of watershed using Morphometric Analysis - A review. In Trailblazing Trends on Sustainable Climate Resilient Precision Agriculture (pp. 136-158). Allied Publishers Pvt. Ltd.
12. Pandya, P. A., Prajapati, G. V., Vadalia, D. D., Parmar, S. H. and Patel D. J. (2025). Introducing a New Drought Index: The Standardized Precipitation Dry Days Index (SPDDI) and Its Comparison with Standardized Precipitation Index (SPI). In Trailblazing Trends on Sustainable Climate Resilient Precision Agriculture (pp. 3-24). Allied Publishers Pvt. Ltd.
13. Patel, R. J., Patel, K. C., Patel, D. J., Rank, P. H. and Bagada, P. J. (2025). Design and Development of a Cost-Effective IoT-Based Real-Time Monitoring System for Temperature, Humidity and Soil Moisture. In Trailblazing Trends in Sustainable

- Climate-Resilient Precision Agriculture(pp. 90-99). Allied Publishers Pvt. Ltd. ISBN: 978-93-89934-79-3. (Eds: G. V.Prajapati and P. A. Pandya).
14. Prajapati, G. V., Pandya, P. A., Rank, H. D., Vadalia, D. D. and Parmar, S. H.(2025). Response of fertigation under different irrigation systems on Sweetcorn. In Trailblazing Trends on Sustainable Climate Resilient PrecisionAgriculture (pp. 215-221). Allied Publishers Pvt. Ltd.
 15. Prajapati, G. V., Parmar, S. H., Vadalia, D. D., Rank, H. D., Pandya, P. A. andKelaiya, S. V. (2025). Hydraulic Dynamics of Rain Pipe Irrigation UnderSolar Photovoltaic Pump Systems. In Trailblazing Trends on SustainableClimate Resilient Precision Agriculture (pp. 587-598). Allied Publishers Pvt.Ltd.
 16. Vadalia, D. D., Prajapati, G. V., Parmar, S. H. and Pandya, P. A. (2025).Impact of Drip Irrigation Lateral Configurations on Wheat Yield. InTrailblazing Trends on Sustainable Climate Resilient Precision Agriculture(pp. 249-261). Allied Publishers Pvt. Ltd.
 17. Gojiya, K. M., Gontia, N. K., Patel, K. C., Prajapati, G. V., Chavda, S. K. and Gaadhe, S. K. (2024). Modelling streamflow in Machhundri River Basin withSWAT and ANN approaches. In Trailblazing Trends on Sustainable ClimateResilient Precision Agriculture. Allied Publishers Pvt. Ltd.
 18. Bagada, P. J., Damor, P. A., Patel, R. J., Patel, K. C., Patel, D. J., Parmar, H.V., Rank, P. H. and Vekariya, P. B. (2025). Enhancing Soil Moisture Sensorsfor Optimized Agricultural Water Management a Comprehensive Review. InSouvenir of International Conference on Trailblazing Trends in SustainableClimate-Resilient Precision Agriculture through Artificial Intelligence andRemote Sensing organized by Junagadh Agricultural University at Junagadhduring January 23-24, 2025. Pp.134.
 19. Baria, S. V., Rank, H. D., Limbasiya, B. B., Satasiya, R. M., Gritesh, A. andSojitra, M. (2025). Delineation of potential groundwater recharge zones in theKutch region of Gujarat state using RS, GIS and MCDA techniques. InSouvenir of International Conference on Trailblazing Trends in SustainableClimate-Resilient Precision Agriculture through Artificial Intelligence andRemote Sensing organized by Junagadh Agricultural University at Junagadhduring January 23-24, 2025.
 20. Dhodia, J. B., Mashru, H. H., Parmar, H. V. and Rank, H. D. (2025).Estimation of slope length factor (L) and slope steepness factor (S) of RUSLEmodel in the Ozat river basin by remote sensing and GIS. In Souvenir ofInternational Conference on Trailblazing Trends in Sustainable Climate-Resilient Precision Agriculture through

Artificial Intelligence and RemoteSensing organized by Junagadh Agricultural University at Junagadh duringJanuary 23-24, 2025.

21. Gojiya, K. M., Gontia, N. K., Patel, K. C., Prajapati, G. V., Chavda, S. K. and Gaadhe, S. K. (2025). Modelling streamflow in Machhundri River Basin withSWAT and ANN approaches [Abstract]. In Souvenir and Abstract Book:International Conference on Trailblazing Trends in Sustainable Climate-Resilient Precision Agriculture through Artificial Intelligence and RemoteSensing (p. 9–10). CoE on SWM, RTTC, Junagadh Agricultural University,Junagadh, Gujarat, India.
